We help you study for the GRE online.

We offer **200** math, verbal, and AWA lesson videos

**20 hours** of videos to learn from

**Over 1000** math and verbal practice questions

**Video explanations** after every question. **Email support** from our expert tutors. **Customizable** practice sessions and mock tests. **Personalized** statistics based on performance. **Access** anytime, anywhere from any internet-connected device.

Have feedback or questions?

http://magoosh.com/gre/2013/gre-vocabulary-flashcards
The front of the Magoosh flashcard looks very similar to any other flashcard (except for the killer purple). Once you turn over the flashcard, we offer a whole lot more than just a definition.

**WHAT’S ON THE CARDS?**

**CATEGORY DESCRIPTION**

Each word is assigned a category to help you remember the word. ‘Kowtow’ falls in ‘around the world’, which makes perfect sense when you read the backstory.

**BACKSTORY**

Words come with great stories. And what better way to lodge a word deep into long term memory than learning that ‘protean’ comes from the Greek god Proteus, who was able to change shape at will.

**EXAMPLE SENTENCE**

Context is critical on the GRE. Oftentimes, a pure definition is not enough to truly understand words. Each card will have an example sentence so you can see how the word functions in context.

**LINK TO OUR WEBSITE**

Every card is labeled with the link to our website so you can find the rest of our study materials, GRE blog, and popular online test-prep program to further your studying needs!

one-sided flashcards

WINDOWS

MACINTOSH

Keep default print options. If your printer allows for printing without margins, change them to 0. Otherwise, change margins to 0.5 inches for top and bottom and 0.25 inches for left and right.

Select the second option to specify page numbers and refer table of contents under single for the page range to print.

Under the print dialog, keep the default settings but click on the dropdown next to paper size. Select “manage custom sizes”. In the new dialog, click the plus button on the left side and enter the above numbers in the blanks. If your printer does not allow 0 margins, put 0.5 in for top and bottom and 0.25 in for left and right.
two-sided flashcards

If your printer allows for two-sided printing, then select that option in the print dialogue. However, if you don’t, you can do double sided printing manually by following these instructions:

1. After following the instructions on the previous page, refer to the table of contents for the page range of the flashcard set you wish to print. Look under “double” and enter the first number in the range to the “pages” setting of the print dialogue.

2. When the printer prints out the page, pick up the printed page exactly as it came out from the printer, then flip it around by its long side. Place the page back in the paper slot/tray for the printer with the blank side up.

3. In the print dialogue, change the page number to be of the next page in the flashcard set. After the second page is printed, print the third page on a new piece of paper and repeat.
**general tips**

1. **Do not bite off more than you can chew.** Learning hundreds of words while only having a tenuous grasp of them is not efficacious. Instead, learn words at a rate in which they are not falling out of your head.

2. **Use these words.** Whether you are walking down the street, or even watching a television show, see if you can apply the words you learnt that day.

3. **Read, read, read.** Reading is an excellent way to supplement vocab lists and flashcards. Be a word detective, and significantly augment your vocabulary.

**tricks & strategies**

1. **Come up with clever and wacky associations.** Another way of saying this: use mnemonics. A mnemonic is a creative way of remembering a word. Even if you don’t happen to have a friend named Amy or Greg, you can get creative and wacky with your associations! The beauty of mnemonics is that they only have to make sense to you.

   Example: *gregarious* and *amiable*

   Hi! I’m Amy!

   Amy is very friendly and therefore *amiable*

   Hi! I’m Greg!

   While Greg is outgoing and *gregarious*

2. **Odd man in.** Take 100 flashcards and quiz yourself on each one. The ones you do not answer correctly put in one pile. At the very end look at this pile and study the words. Then take those words and once again go through each one. If you do not remember the words a second time, put them in a pile. This last pile represents your problem words. Take this deck of flashcards and carry it with you to use and remember!
Reading is an excellent way to supplement vocab lists and flashcards. Be a word detective, and significantly augment your vocabulary.

http://magoosh.com/gre/2013/gre-vocabulary-flashcards
The Internet is a great resource for vocabulary. So, check out these links, and they should help you develop a stronger vocabulary that will definitely come in handy on the day of your exam.

We have Vocabulary Wednesday videos and word lists every week. So be sure to check in for blog posts about everything on the GRE—not just vocab, but Math and Writing and the rest of the Verbal section as well.

This helpful word-of-the-day does more than just define a word. It cites the word as used in context from The New York Times galaxy of articles. These articles generally tend to be a trove of other useful words.

Any word (and by any, I mean any) you can think of is defined, along with a plethora of examples taken from a gamut of sources (from Shakespeare to the last Yahoo article). If you want context on a word, this is the place to get it.

Their word-of-the-day feature is great—a dictionary.com definition right below the word, along with popular uses of the word in media (this last part is great for getting the sense of context).

sentence equivalence

Select exactly two words that best complete the sentence and produce sentences that are alike in meaning.

A knack for ______, it can be argued, allows one access to a whole range of careers, many of which require one to forsake direct, honest speech.

- eloquence
- prevarication
- equivocation
- abbreviation
- discernment
- openness

The answers are “prevarication” and “equivocation”.

text completion

For each blank select one word from each column that best completes each sentence.

The movie is comprised of several vignettes, each presenting a character along with his or her foil: a staid accountant shares an apartment with a ____________ musician; a tight-lipped divorcée on a cross-country roadtrip picks up a ____________ hitchhiker; and finally, and perhaps most unconvincingly, an introverted mathematician falls in love with a ____________ arriviste.

The answers are “colorful”, “garrulous”, and “gregarious”.

Try the question online and watch the video explanation: [http://gre.magoosh.com/questions/2574](http://gre.magoosh.com/questions/2574)
What little scholarship has existed on Ernest Hemingway—considering his stature—has focused on trying to unmask the man behind the bravura. Ultimately, most of these works have done little more than to show that Hemingway the myth and Hemingway the man were not too dissimilar (Hemingway lived to hunt big game so should we be surprised at his virility, not to mention that of many of the author’s—chiefly male—protagonists?). In the last few years, several biographies have reversed this trend, focusing on Hemingway near the end of his life: isolated and paranoid, the author imagined the government was chasing him (he was not completely wrong on this account). Ironically, the hunter had become the hunted, and in that sense, these latest biographers have provided—perhaps unwittingly—the most human portrait of the writer yet.

It can be inferred from the passage that the author considers the latest Hemingway biographies a departure from traditional biographies in that these latest biographies:

- focus on a much overlooked aspect of the writer’s body of work
- depict Hemingway in a manner that is at odds with the myth of Hemingway
- claim that Hemingway was similar to several of his chief protagonists in his books
- suggest that Hemingway lacked the virility many associated with him
- do not attempt to explore the link between Hemingway the man and Hemingway the myth

The answer is B.

maintain
The GRE has a predilection for words that don’t really sound like what they mean. _____ is no exception. Many think the word has a negative connotation. ______, however, means an eager willingness to do something.

So imagine the first day at a job that you’ve worked really hard to get. How are you going to complete the tasks assigned to you? With ______, of course.

An interesting correlation: the more ______ (adjective form) you are when you’re learning GRE vocabulary, the better you will do.

The first three weeks of his new job, Mark worked with such ______ that upper management knew they would be giving him a promotion.

top 10 words
(adj.)

_____ conjures up a beautiful mosaic for some. So if somebody or something is _____, it must surely be good.

Once again the GRE confounds expectations. _____ means dull and lacking imagination. It can be used to describe plans, life, language, or just about anything inanimate that has become dull (it is not used to describe people).

A good mnemonic prose is the opposite of poetry. And where poetry, ideally, bursts with imagination, prose (think of text-book writing), lacks imagination. Hence, prose-aic.

Unlike the talented artists in his workshop, Paul had no such bent for the visual medium, so when it was time for him to make a stained glass panel, he ended up with a ______ mosaic.

top 10 words
(noun)

_____ sounds a lot like voracity. Whereas many know voracity means full of hunger, whether for food or knowledge (the adjective form voracious is more common), few know ______. Unfortunately, many confuse the two on the test.

_____ means truthful. ______, the adjective form of _______, sounds a lot like voracious. So be careful.

After years of political scandals, the congressman was hardly known for his _____; yet despite this distrust, he was voted into yet another term.

top 10 words
(noun)

______ is a lack of something. In honor of _____, this entry will have a ______ of words.

There is a ______ of jobs hiring today that require menial skills, since most jobs have either been automated or outsourced.

top 10 words
(verb)

The second definition of this word—and one the new GRE favors—is to assert. One can _____ their innocence. A scientist can ______ that a recent finding supports her theory. The latter context is the one you’ll encounter on the GRE.

The scientist _____ that the extinction of dinosaurs was most likely brought about by a drastic change in climate.

top 10 words
(adj.)

Word roots are often misleading. This word does not mean with tinitness (con- meaning with). To be _____ is to be remorseful.

Though he stole his little sister’s licorice stick with malevolent glee, Chucky soon became ______ when his sister wouldn’t stop crying.
pugnacious

laconic

egregious

disparate
top 10 words
(adj.)

Another word that sounds different from what it means. A person is described as _____ when he/she says very few words.

I’m usually reminded of John Wayne, the quintessential cowboy, who, with a gravely intonation, muttered few words at a time. As this allusion betrays my age more than anything else, think of Christian Bale in Batman—the _____ caped crusader.

While Martha always swooned over the hunky, _____ types in romantic comedies, her boyfriends inevitably were very talkative—and not very hunky.

ONE-SIDED FLASHCARDS
**alacrity (noun)**

The GRE has a predilection for words that don't really sound like what they mean. Alacrity is no exception. Many think the word has a negative connotation. Alacrity, however, means an eager willingness to do something.

So imagine the first day at a job that you've worked really hard to get. How are you going to complete the tasks assigned to you? With alacrity, of course.

An interesting correlation: the more acritious (adjective form) you are when you're learning GRE vocabulary, the better you will do.

The first three weeks at his new job, Mark worked with such alacrity that upper management knew they would be giving him a promotion.

---

**prosaic (adj.)**

Prosaic conjures up a beautiful mosaic for some. So if somebody or something is prosaic, it must surely be good.

Once again the GRE confounds expectations. Prosaic means dull and lacking imagination. It can be used to describe plans, life, language, or just about anything inanimate that has become dull (it is not used to describe people).

A good mnemonic: prose is the opposite of poetry. And where poetry, ideally, bursts for with imagination, prose (think of text-book writing), lacks imagination. Hence, prose-acic.

Unlike the talented artists in his workshop, Paul had no such bent for the visual medium, so when it was time for him to make a stained glass painting, he ended up with a prosaic mosaic.

---

**veracity (noun)**

Veracity sounds a lot like voracity. Whereas many know voracity means full of hunger, whether for food or knowledge (the adjective form voracious is more common), few know veracity. Unfortunately, many confuse the two on the test.

Veracity means truthful. Veracious, the adjective form of veracity, sounds a lot like voracious. So be careful.

After years of political scandals, the congressman was hardly known for his veracity; yet despite this distrust, he was voted into yet another term.

---

**paucity (noun)**

Paucity is a lack of something. In honor of paucity, this entry will have a paucity of words.

There is a paucity of jobs hiring today that require menial skills, since most jobs have either been automated or outsourced.

---

**maintain (verb)**

The second definition of this word—and one the new GRE favors—is to assert. One can maintain their innocence. A scientist can maintain that a recent finding supports her theory. The latter context is the one you'll encounter on the GRE.

The scientist maintained that the extinction of dinosaurs was most likely brought about by a drastic change in climate.

---

**contrite (adj.)**

Word roots are often misleading. This word does not mean with tinniness (con- meaning with). To be contrite is to be remorseful.

Though he stole his little sister's licorice stick with malevolent glee, Chucky soon became contrite when his sister wouldn't stop crying.
**Laconic (adj.)**

TOP 10 WORDS

Another word that sounds different from what it means. A person is described as laconic when he/she says very few words.

I’m usually reminded of John Wayne, the quintessential cowboy, who, with a gravely intonation, mustered few words at a time. As this allusion betrays my age more than anything else, think of Christian Bale in Batman—the laconic caped crusader.

While Martha always swooned over the hunky, laconic types in romantic comedies, her boyfriends inevitably were very talkative—and not very hunky.

---

**Pugnacious (adj.)**

TOP 10 WORDS

Much like a pug dog, which aggressively yaps at anything near it, a person who is pugnacious likes to aggressively argue about everything. Verbally combative is another good way to describe pugnacious.

The comedian told one flat joke after another, and when the audience started booing, he pugnaciously spat back at them. “Hey, you think this is easy—why don’t you buffoons give it a shot?”

---

**Disparate (adj.)**

TOP 10 WORDS

If two things are fundamentally different, they are disparate. For instance, verbal skills and math skills are disparate, and as such are usually tested separately—the GRE being no exception.

With the advent of machines capable of looking inside the brain, fields as disparate as religion and biology have been brought together, as scientists try to understand what happens in the brain when people have a religious experience.

---

**Egregious (adj.)**

TOP 10 WORDS

‘Greg’ is the Latin root for flock. At one point, egregious meant standing out of the flock in a positive way. This definition went out of vogue sometime in the 16th century, after which time egregious was used ironically.

Thus for the last five hundred years, ‘egregious’ meant standing out in a bad way. In sports, an egregious foul would be called on a player who slapped another player (not including hockey, of course).

(adj.)

Something ______ is harmless and doesn't produce any ill effects. Many germs are ______. As are most bug bites. Even television, in small doses, is typically ______. ______ can also mean inoffensive. An ______ question is unlikely to upset anyone.

Everyone found Nancy's banter ______—except for Mike, who felt like she was intentionally picking on him.

top 5 basic
(adj.)

A straightforward and honest look at something is a ______ one. Many great photographers have created enduring work because they turned their respective lens on what is real. Whether these photos are from the Dust Bowl, the Vietnam War, or the Arab Winter, they move us because they reveal how people felt at a certain moment.

A person can also be ______ if they are being honest and straightforward with you.

Even with a perfect stranger, Charles was always ______ and would rarely hold anything back.

top 5 basic
(adj.)

Unpredictable, often wildly so, ______ is reserved for pretty extreme cases. An athlete who scores the winning point in a game, and then bitches numerous opportunities is known for his or her ______ play. The stock market is notoriously ______, as is sleep, especially if your stocks aren't doing well.

______ can also mean strange and unconventional. Someone may be known for their ______ behavior. Regardless of which meaning you are employing, you should not be ______ in your GRE prep.

It came as no surprise to pundits that the President's attempt at re-election foiled; even during his term, support for his policies was ______, with an approval rating jumping anywhere from 30 to 60 percent.

top 5 basic
(adj.)

If one has a very depressing take on life, we say that person has a ______ outlook. Landscapes can be ______ (Siberia in April, the Texas of No Country for Old Men), and writers, too (Dostoevsky, Orwell).

Unremitting overcast skies tend to lead people to create ______ literature and lugubrious music—compare England's band Radiohead to any band from Southern California.

top 5 basic
(adj.)

If something literally pours out in abundance we say it is ______. This pouring out is usually figurative. A person who apologizes ceaselessly does so ______. Perhaps a little more vividly, certain men who fail to button up their shirts completely let the world—perhaps not unwittingly—know of their ______ chest hairs (which, on their part, should necessitate a ______ apology).

During mile 20 of the Hawaii Marathon, Dwanye was sweating so ______ that he stopped to take off his shirt, and ran the remaining six miles clad in nothing more than skimpy shorts.
TOP 5 BASIC ONE-SIDED FLASHCARDS
**innocuous (adj.)**

TOP 5 BASIC

Something *innocuous* is harmless and doesn’t produce any ill effects. Many germs are innocuous. As are most bug bites. Even television, in small doses, is typically innocuous. Innocuous can also mean inoffensive. An innocuous question is unlikely to upset anyone.

Everyone found Nancy’s banter innocuous—except for Mike, who felt like she was intentionally picking on him.

---

**candid (adj.)**

TOP 5 BASIC

A straightforward and honest look at something is a *candid* one. Many great photographers have created enduring work because they turned their respective lens on what is real. Whether these photos are from the Dust Bowl, the Vietnam War, or the Arab Winter, they move us because they reveal how people felt at a certain moment.

A person can also be candid if they are being honest and straightforward with you.

Even with a perfect stranger, Charles was always candid and would rarely hold anything back.

---

**erratic (adj.)**

TOP 5 BASIC

Unpredictable, often wildly so, *erratic* is reserved for pretty extreme cases. An athlete who scores the winning point one game, and then botches numerous opportunities is known for his or her erratic play. The stock market is notoriously erratic, as is sleep, especially if your stocks aren’t doing well.

Erratic can also mean strange and unconventional. Someone may be known for their erratic behavior. Regardless of which meaning you are employing, you should not be erratic in your GRE prep.

It came as no surprise to pundits that the President’s attempts at re-election floundered; even during his term, support for his policies was erratic, with an approval rating jumping anywhere from 30 to 60 percent.

---

**bleak (adj.)**

TOP 5 BASIC

If one has a very depressing take on life, we say that person has a *bleak* outlook. Landscapes can be bleak (Siberia in April, the Texas of No Country for Old Men), and writers, too (Dostoevsky, Orwell).

Unremittent overcast skies tend to lead people to create bleak literature and lugubrious music—compare England’s band Radiohead to any band from Southern California.

---

**profuse (adj.)**

TOP 5 BASIC

If something literally pours out in abundance we say it is *profuse*. This pouring out is usually figurative. A person who apologizes ceaselessly does so profusely. Perhaps a little more vividly, certain men who fail to button up their shirts completely let the world—perhaps not unwittingly—know of their profuse chest hairs (which, on their part, should necessitate a profuse apology).

During mile 20 of the Hawaii Marathon, Dwayne was sweating so profusely that he stopped to take off his shirt, and ran the remaining six miles clad in nothing more than skimpy shorts.

commonly mistaken
(adj.)
Many think this word means extinct. _____ is actually the opposite of extinct.

A great mnemonic is to put the word 'is' between the 'x' and the 't' in extant. This gives you existant (don't mind the misspelling).

Despite many bookstores closing, experts predict that some form of book dealing will still be _____ generations from now.

commonly mistaken
(verb)
People tend to think that _____ has to do with equal. It actually means to speak vaguely, usually with the intention to mislead or deceive. More generally, _____ can mean ambiguous. The related word _____ can also be confusing. To state something _____ is to state it in such a way that there is no room for doubt.

The findings of the study were _____—the two researchers had divergent opinions on what the results signified.

commonly mistaken
(adj.)
This GRE word does not mean content, as in feeling happy. It comes from the word contend, which means to argue. If you are _____, you like to argue.

_____ is a very common GRE word, so unless you want me to become _____, memorize it now!

Since old grandpa Harry became very _____ during the summer when only reruns were on TV, the grandkids learned to hide from him at every opportunity.

commonly mistaken
(verb)
Most people think _____ means to energize. It actually means to sap the energy from.

John preferred to avoid equatorial countries; the intense sun would always leave him _____ after he'd spent the day sightseeing.

commonly mistaken
(adj.)
Students often believe that to be _____ towards something is to be indifferent. The truth is almost the opposite. See, when you are _____ you have mixed or conflicting emotions about something.

Imagine somebody asked you what it was like studying for the GRE.

Sam was _____ about studying for the GRE because it ate up a lot of her time, yet he learned many words and improved at reading comprehension.
sedulous

COMMONLY MISTAKEN
commonly mistaken
(adj.)

I am not quite sure why students can never seem to remember the definition of this word. Perhaps the sed- reminds them of sitting and being idle (like in sedentary). To be ______, however, is to be anything but idle. If you are ______ studying for the GRE, you are studying diligently and carefully—making flashcards, writing down important words and formulas, and, of course, checking out the Magoosh blog every day.

An avid numismatist, Harold ______ amassed a collection of coins from over 100 countries—an endeavor that took over fifteen years, and took Harold to five continents.

gre.magoosh.com  Magoosh
COMMONLY MISTAKEN
ONE-SIDED FLASHCARDS
**extant (adj.)**

COMMONLY MISMADE

Many think this word means extinct. Extant is actually the opposite of extinct.

A great mnemonic is to put the word ‘is’ between the ‘x’ and the ‘t’ in extant. This gives you existant (don’t mind the misspelling).

Despite many bookstores closing, experts predict that same form of book dealing will still be extant generations from now.

---

**contentious (adj.)**

COMMONLY MISMADE

This GRE word does not mean content, as in feeling happy. It comes from the word contend, which means to argue. If you are contentious, you like to argue.

Contentious is a very common GRE word, so unless you want me to become contentious, memorize it now!

Since old grandpa Harry became very contentious during the summer when only reruns were on TV, the grandkids learned to hide from him at every opportunity.

---

**auspicious (adj.)**

COMMONLY MISMADE

This word sounds very sinister, but actually means the opposite of sinister. If an occasion is auspicious, it is favorable.

The opposite, inauspicious, is also common on the GRE. It means unfavorable.

Despite an auspicious beginning, Mike’s road trip became a series of mishaps, and he was soon stranded and penniless, leaning against his wrecked automobile.

---

**enervate (verb)**

COMMONLY MISMADE

Most people think enervate means to energize. It actually means to sap the energy from.

John preferred to avoid equatorial countries: the intense sun would always leave him enervated after he’d spent the day sightseeing.

---

**equivocate (verb)**

COMMONLY MISMADE

People tend to think that equivocate has to do with equal. It actually means to speak vaguely, usually with the intention to mislead or deceive. More generally, equivocal can mean ambiguous. The related word unequivocal can also be confusing. To state something unequivocally is to state it in such a way that there is no room for doubt.

The findings of the study were equivocal—the two researchers had divergent opinions on what the results signified.

---

**ambivalent (adj.)**

COMMONLY MISMADE

Students often believe that to be ambivalent towards something is to be indifferent. The truth is almost the opposite. See, when you are ambivalent you have mixed or conflicting emotions about something.

Imagine somebody asked you what it was like studying for the GRE.

Sam was ambivalent about studying for the GRE because it ate up a lot of her time, yet he learned many words and improved at reading comprehension.
sedulous (adj.)

COMMONLY MISTAKEN

I am not quite sure why students can never seem to remember the definition of this word. Perhaps the sed- reminds them of sitting and being idle (like in sedentary). To be sedulous, however, is to be anything but idle. If you are sedulously studying for the GRE, you are studying diligently and carefully—making flashcards, writing down important words and formulas, and, of course, checking out the Magoosh blog every day.

An avid numismatist, Harold sedulously amassed a collection of coins from over 100 countries—an endeavor that took over fifteen years, and took Harold to five continents.

blinkered
checkered
involved

stem
check
raft
tricky “easy”  
(verb)  
To ______ means to hold back or limit the flow or growth of something. You can ______ bleeding, and you can ______ the tide—or at least attempt to do so. However, do not ______ the flow of vocabulary coursing through your brains. Make sure to use GRE words whenever you can.

To ______ the tide of applications, the prestigious Iy requires that each applicant score at least 330 on the Revised GRE.

tricky “easy”  
(adj.)  
If you blink a lot you are likely to miss something. Indeed, your view would be very limited. Extending this meaning, we get the definition of ______ means to have a limited outlook or understanding. The true etymology of the word actually comes from the blinkers that are put on racing horses to prevent them from becoming distracted.

In gambling, the addict is easily ______ by past successes and/or past failures, forgetting that the outcome of any one game is independent of the games that preceded it.

tricky “easy”  
(noun/verb)  
To ______ something is to stop its growth (similar to stem but with more of a focus on growth than flow). If something is left ______, then it grows freely.

Deserted for six months, the property began to look more like a jungle and less like a residence—weeds grew ______ in the front yard.

tricky “easy”  
(adj.)  
The meaning of ______ is completely unrelated to the meaning of check, so be sure to know the difference between the two. A ______ past is one that is marked by disreputable happenings.

One by one, the presidential candidates dropped out of the race, their respective ______ posts—from embezzlement to infidelity—sabotaging their campaigns.

tricky “easy”  
(noun)  
A ______ is an inflatable boat. It can also mean a large number of something. I know—it doesn’t really make much sense. But here’s a good mnemonic: imagine a large number of rafts and you have a ______ of rafts.

Despite a ______ of city ordinances passed by an overzealous council, noise pollution continued unabated in the megalopolis.

tricky “easy”  
(adj.)  
We are ______ in many things, from studying to socializing. For something to be ______, as far as the GRE is concerned, means it is complicated, and difficult to comprehend.

The physics lecture became so ______ that the undergraduate’s eyes glazed over.
expansive

retiring

base

moment

inundate

imbibe
tricky “easy”
(adj.)

Sure, many dream of the day when they can retire (preferably to some palatial estate with a beachfront view). The second definition does not necessarily apply to most. To be ______ is to be shy, and to be inclined to retract from company.

Nelson was always the first to leave soirée—rather than mill about with "fashionable" folk, he was ______, and preferred the solitude of his garret.

tricky “easy”
(noun)

A ______ is a point in time. We all know that definition. If something is of ______, it is significant and important (think of the word momentous).

Despite the initial hullabaloo, the play was of no great ______ in Hampton’s writing career and, within a few years, the public quickly forgot his foray into theater arts.

tricky “easy”
(verb)

Literally, to ______ is to drink, usually copiously. Figuratively, ______ can refer to an intake of knowledge or information.

Plato ______ Socrates’ teachings to such an extent that he was able to write volumes of work that he directly attributed, sometimes word for word, to Socrates.

tricky “easy”
(adj.)

The common definition of ______ is extensive, wide-ranging. The lesser known definition is communicative, and prone to talking in a sociable manner.

After a few sips of cognac, the octogenarian shed his irascible demeanor and became ______, speaking fondly of the “good old days.”

tricky “easy”
(noun)

When the definition of this word came into existence, there were some obvious biases against the lower classes (assuming that lexicographers were not lower class). It was assumed that those from the ______, or the lowest, class were without any moral principles. They were contemptible and ignoble. Hence, we have this second definition of ______ (the word has since dropped any connotations of lower class).

She was not so ______ as to begrudge the beggar the unwanted crumbs from her dinner plate.

tricky “easy”
(verb)

To ______ is a synonym for to deluge, which means to flood. Figuratively, to be ______ means to be overwhelmed by too many people or things.

The newsroom was ______ with false reports that only made it more difficult for the newscasters to provide an objective account of the bank robbery.
benighted
scintillating
hedge
galvanize
fell
flush
tricky “easy”
(adj.)
If something gives off sparks, such as when photons collide, it is said to _______. Figuratively, _______ describes someone who is brilliant and lively (imagine Einstein’s brain giving off sparks).

Richard Feynman was renowned for his _______ lectures—the arcana of quantum physics was made lucid as he wrote animatedly on the chalkboard.

tricky “easy”
(verb)
Need to strengthen steel by giving it a final coat? Or, perhaps you need to motivate somebody! Well, in both cases, you would literally be _______. Figuratively, to _______ is to excite to action or spur on.

At mile 23 of his first marathon, Kyle had all but given up, until he noticed his friends and family holding a banner that read, “Go Kyle!”; _______, he broke into a gallop, finishing the last three miles in less than 20 minutes.

tricky “easy”
(noun/verb)
If you are really into horticulture—which is a fancy word for gardening—you’ll know _______ are shrubs, or small bushes that have been neatly trimmed. If you know your finance, then you’ve probably heard of _______ funds (where brokers make their money betting against the market). _______ can also be used in a verb sense. If you _______ your bets, you play safely. If you _______ a statement, you limit or qualify that statement. Finally, _______ can also mean to avoid making a direct statement, as in equivocating.

When asked why he had decided to buy millions of shares at the very moment the tech companies stock soared, the CEO _______, mentioning something vague about gut instinct.

tricky “easy”
(adj.)
What word means to turn red (especially in the face), to send down the toilet, to be in abundance, and to drive out of hiding? Yep, it’s _______, which has all four of these totally unrelated definitions.

The GRE Reading Comprehension passage is _______ with difficult words, words that you may have learned only yesterday.

tricky “easy”
(adj.)
Imagine an evil person who cuts down trees, and then falls himself. Well, that image is capturing three different definitions of _______—to cut down a tree, the past tense of fall (we all know that) and evil. Yes, I know, _______ can’t possibly mean evil… but the English language is a wacky one. _______ indeed means terribly evil. Now watch out for that tree!

For fans of the Harry Potter series, the _______ Lord Voldemort, who terrorized poor Harry for seven lengthy installments, has finally been vanquished by the forces of good—unless, that is, J.K. Rowling decides to come out of retirement.
beg

arch

intimate

tender

becoming

wanting
tricky “easy”

(adj.)
You have _____ in architecture, or at a well-known fast-food restaurant. You can _____ your back, or a bow. _____ are even a part of your foot. But, did you know that to be _____ is to be deliberately teasing, as in “he shrugged off her insults because he knew she was only being _____”? Finally, _____ - as a root means chief or principal, as in archbishop.

The baroness was _____, making playful asides to the townspeople; yet because they couldn’t pick up on her dry humor, they thought her superfluous.

(verb)
Commonly, when we think of _____, we think of money, or a favor. But, one can also _____ a question, and that’s where things start to get complicated. To _____ a question can mean to evade a question, invite an obvious question, or, and this is where it starts to get really tricky, to ask a question that in itself makes unwarranted assumptions.

For instance, let’s say you are not really sure if you are going to take the GRE. If somebody asks you when you are going to take the GRE, then that person is assuming you are going to take the GRE. That is, they are _____ the question. If you avoid giving a direct answer, then you are also _____ the question (albeit in a different sense). Which finally _____ the question, how did this whole question _____ business get so complicated in the first place?

By assuming that Charlie was headed to college—which he was not—Maggie _____ the question when she asked him to which school he was headed in the fall.

(adj./verb)
Just as tender doesn’t relate to two people in love, neither does _____, at least in the GRE sense. The secondary meaning for _____ is to suggest something subtly.

At first, Manfred’s teachers _____ to his parents that he was not suited to skip a grade; when his parents protested, teachers explicitly told them that notwithstanding the boy’s precocity, he was simply too immature to jump to the 6th grade.

(adj.)
_____ means lacking. So, if your knowledge of secondary meanings is _____, this eBook is a perfect place to start learning.

She did not find her vocabulary _____, yet there were so many GRE vocabulary words that inevitably she did not know a few.

(adj.)
Another secondary meaning that changes parts of speech, _____ an adjective. If something is _____, it is appropriate, and matches nicely.

Her dress was _____, and made her look even more beautiful.
fleece

start

wax

telling

qualify

check
tricky “easy”

(verb)
The secondary meaning for _____ is somewhat similar to the common meaning. To _____ is to suddenly move or dart in a particular direction. Just think of the word startle.

All alone in the mansion, Henrietta _____ when she heard a sound.

If you are thinking Mary Had a Little Lamb (…______ as white as snow), you have been fleeced_____ by a secondary meaning. To _____ is to deceive.

Many have been _____ by Internet scams and have never received their money back.

tricky “easy”

(adj.)

If something is _____, it is significant and revealing of another factor. If a person’s alibi has a _____ detail, often that one little detail can support—or unravel!—the person’s alibi.

Her unbecoming dress was very _____ when it came to her sense of fashion.

Melting _____ will only lead you astray. The secondary meaning for _____ is to increase. The opposite of _____ is to wane. Both words are used to describe the moon: a _____ moon becomes larger and larger each night until it becomes a full moon, at which point it becomes small and smaller each night and becomes a waning moon.

Her enthusiasm for the diva’s new album only _____ with each song. By the end of the album, it was her favorite CD yet.

tricky “easy”

(noun/verb)

To _____ is to limit, and it is a word usually used to modify the growth of something.

When government abuses are not kept in _____, that government is likely to become autocratic.

This is perhaps the most commonly confused secondary meaning, and one that is very important to know for the GRE. To _____ is to limit, and is usually used in the context of a statement or an opinion.

I love San Francisco.

I love San Francisco, but it is always windy.

The first statement shows my _____ love for San Francisco. In the second statement I _____ or limit, my love for San Francisco.

In the context of the GRE, the concept of _____ is usually found in the Reading Comprehension passage. For example, an author usually expresses _____ approval or some _____ opinion in the passage. As you may have noticed, the authors of reading comprehension passages never feel 100% about something. They always think in a nuanced fashion. Therefore, they are unlikely to be gungho or downright contemptuous. That is, they _____ or limit, their praise/approval/disapproval.
TRICKY “EASY”
ONE-SIDED FLASHCARDS
stem (verb)
TRICKY “EASY”
To stem means to hold back or limit the flow or growth of something. You can stem bleeding, and you can stem the tide—or at least attempt to do so. However, do not stem the flow of vocabulary coursing through your brains. Make sure to use GRE words whenever you can.

To stem the tide of applications, the prestigious Ivy requires that each applicant score at least 330 on the Revised GRE.

blinkered (adj.)
TRICKY “EASY”
If you blink a lot you are likely to miss something. Indeed, your view would be very limited. Extending this meaning, we get the definition of blinkered: means to have a limited outlook or understanding. The true etymology of the word actually comes from the blinkers that are put on racing horses to prevent them from becoming distracted.

In gambling, the addict is easily blinkered by past successes and/or past failures, forgetting that the outcome of any one game is independent of the games that preceded it.

check (noun/verb)
TRICKY “EASY”
To check something is to stop its growth (similar to stem but with more of a focus on growth than flow). If something is left unchecked, then it grows freely.

Deserted for six months, the property began to look more like a jungle and less like a residence—weeds grew unchecked in the front yard.

checkered (adj.)
TRICKY “EASY”
The meaning of checkered is completely unrelated to the meaning of check, so be sure to know the difference between the two. A checkered past is one that is marked by disreputable happenings.

One by one, the presidential candidates dropped out of the race, their respective checkered pasts—from embezzlement to infidelity—sabotaging their campaigns.

raft (noun)
TRICKY “EASY”
A raft is an inflatable boat. It can also mean a large number of something I know—it doesn’t really make much sense. But here’s a good mnemonic: imagine a large number of rafts and you have a raft of rafts.

Despite a raft of city ordinances passed by an overzealous council, noise pollution continued unabated in the megapolis.

involved (adj.)
TRICKY “EASY”
We are involved in many things, from studying to socializing. For something to be involved, as far as the GRE is concerned, means it is complicated, and difficult to comprehend.

The physics lecture became so involved that the undergraduate’s eyes glazed over.
**retiring (adj.)**

TRICKY "EASY"

Sure, many dream of the day when they can retire (preferably to some palatial estate with a beachfront view). The second definition does not necessarily apply to most. To be retiring is to be shy, and to be inclined to retract from company.

Nelson was always the first to leave soirees—rather than mill about with "fashionable" folk, he was retiring, and preferred the solitude of his garret.

**expansive (adj.)**

TRICKY "EASY"

The common definition of expansive is extensive, wide-ranging. The lesser known definition is communicative, and prone to talking in a sociable manner.

After a few sips of cognac, the octogenarian shed his irascible demeanor and became expansive, speaking fondly of the "good old days".

**moment (noun)**

TRICKY "EASY"

A moment is a point in time. We all know that definition. If something is of moment, it is significant and important (think of the word momentous).

Despite the initial hullaballoo, the play was of no great moment in Hampton’s writing career, and, within a few years, the public quickly forgot his foray into theater arts.

**base (adj.)**

TRICKY "EASY"

When the definition of this word came into existence, there were some obvious biases against the lower classes (assuming that lexicographers were not lower class). It was assumed that those from the base, or the lowest, class were without any moral principles. They were contemptible and ignoble. Hence, we have this second definition of base (the word has since dropped any connotations of lower class).

She was not so base as to begrudge the beggar the unwanted crumbs from her dinner plate.

**imbibe (verb)**

TRICKY "EASY"

Literally, to imbibe is to drink, usually copiously. Figuratively, imbibe can refer to an intake of knowledge or information.

Plato imbibed Socrates’ teachings to such an extent that he was able to write volumes of work that he directly attributed, sometimes word-for-word, to Socrates.

**inundate (verb)**

TRICKY "EASY"

To inundate is a synonym for to deluge, which means to flood. Figuratively, to be inundated means to be overwhelmed by too many people or things.

The newsroom was inundated with false reports that only made it more difficult for the newscasters to provide an objective account of the bank robbery.
scintillating (adj.)
TRICKY “EASY”

If something gives off sparks, such as when photons collide, it is said to scintillate. Figuratively, scintillating describes someone who is brilliant and lively (imagine Einstein’s brain giving off sparks).

Richard Feynman was renowned for his scintillating lectures—the arcana of quantum physics was made lucid as he wrote animatedly on the chalkboard.

benighted (adj.)
TRICKY “EASY”

If the sky darkens, and becomes night, it is, unsurprisingly, benighted. However, if a people are benighted (this word is usually reserved for the collective), that group falls in a state of ignorance. This latter definition is more common.

Far from being a period of utter benightedness, The Medieval Ages produced some inestimable works of theological speculation.

galvanize (verb)
TRICKY “EASY”

Need to strengthen steel by giving it a final coat? Or, perhaps you need to motivate somebody? Well, in both cases, you would literally be galvanizing. Figuratively, to galvanize is to excite to action or spur on.

At mile 23 of his first marathon, Kyle had all but given up, until he noticed his friends and family holding a banner that read, “Go Kyle!”, galvanized, he broke into a gallop, finishing the last three miles in less than 20 minutes.

hedge (noun/verb)
TRICKY “EASY”

If you are really into horticulture—which is a fancy word for gardening—you’ll know hedges are shrubs, or small bushes that have been neatly trimmed. If you know your finance, then you’ve probably heard of hedge funds (where brokers make their money betting against the market). Hedge can also be used in a verb sense. If you hedge your bets, you play safely. If you hedge a statement, you limit or qualify that statement. Finally, hedge can also mean to avoid making a direct statement, as in equivocating.

When asked why he had decided to buy millions of shares at the very moment the tech companies stock soared, the CEO hedged, mentioning something vague about gut instinct.

flush (adj.)
TRICKY “EASY”

What word means to turn red (especially in the face), to send down the toilet, to be in abundance, and to drive out of hiding? Yep, it’s flush, which has all four of these totally unrelated definitions.

The GRE Reading Comprehension passage is flush with difficult words, words that you may have learned only yesterday.

fell (adj.)
TRICKY “EASY”

Imagine an evil person who cuts down trees, and then falls himself. Well, that image is capturing three different definitions of fell—to cut down a tree, the past tense of fall (we all know that) and evil. Yes, I know, fell can’t possibly mean evil…but the English language is a wacky one. Fell indeed means terribly evil. Now watch out for that tree!

For fans of the Harry Potter series, the fell Lord Voldemort, who terrorized poor Harry for seven lengthy installments, has finally been vanquished by the forces of good—unless, that is, JK Rowling decides to come out of retirement.
arch (adj.)

TRICKY “EASY”

You have arches in architecture, or at a well-known fast-food restaurant. You can arch your back, or a bow. Arches are even a part of your foot. But, did you know that to be arch is to be deliberately teasing, as in, “he shrugged off her insults because he knew she was only being arch”? Finally, arch- as a root means chief or principal, as in archbishop.

The baroness was arch, making playful asides to the townpeople, yet because they couldn’t pick up on her dry humor, they thought her supercilious.

beg (verb)

TRICKY “EASY”

Commonly, when we think of begging, we think of money, or a favor. But, one can also beg a question, and that’s where things start to get complicated. To beg a question can mean to evade a question, invite an obvious question, or, and this is where it starts to get really tricky, to ask a question that in itself makes unwarranted assumptions.

For instance, let’s say you are not really sure if you are going to take the GRE. If somebody asks you when you are going to take the GRE, then that person is assuming you are going to take the GRE. That is, they are begging the question. If you avoid giving a direct answer, then you are also begging the question (albeit in a different sense). Which finally begs the question, how did this whole question begging business get so complicated in the first place?

By assuming that Charlie was headed to college—which he was not—Maggie begged the question when she asked him to which school he was headed in the Fall.

tender (verb)

TRICKY “EASY”

Tender is a verb, and it does not mean to behave tenderly. When you tender something, you offer it up. For instance, when you tender your resignation, you hand in a piece of paper saying that you are resigning.

The government was loath to tender more money in the fear that it might set off inflation.

intimate (adj./verb)

TRICKY “EASY”

Just as tender doesn’t relate to two people in love, neither does intimate, at least in the GRE sense. The secondary meaning for intimate is to suggest something subtly.

At first, Manfred’s teachers intimated to his parents that he was not suited to skip a grade; when his parents protested, teachers explicitly told them that, notwithstanding the boy’s precocity, he was simply too immature to jump to the 6th grade.

wanting (adj.)

TRICKY “EASY”

Wanting means lacking. So, if your knowledge of secondary meanings is wanting, this eBook is a perfect place to start learning.

She did not find her vocabulary wanting, yet there were so many GRE vocabulary words that inevitably she did not know a few.

becoming (adj.)

TRICKY “EASY”

Another secondary meaning that changes parts of speech, becoming an adjective. If something is becoming, it is appropriate, and matches nicely.

Her dress was becoming and made her look even more beautiful.
**start (verb)**

TRICKY “EASY”

The secondary meaning for start is somewhat similar to the common meaning. To start is to suddenly move or dart in a particular direction. Just think of the word startled.

All alone in the mansion, Henrietta started when she heard a sound.

---

**fleece (verb)**

TRICKY “EASY”

If you are thinking Mary Had a Little Lamb (...fleece as white as snow), you have been fleeced by a secondary meaning. To fleece is to deceive.

Mary has been fleeced by Internet scams and has never received their money back.

---

**telling (adj.)**

TRICKY “EASY”

If something is telling, it is significant and revealing of another factor. If a person’s alibi has a telling detail, often that one little detail can support—or unravel!—the person’s alibi.

Her unbecoming dress was very telling when it came to her sense of fashion.

---

**wax (noun/verb)**

TRICKY “EASY”

Melting wax will only lead you astray. The secondary meaning for wax is to increase. The opposite of wax is to wane. Both words are used to describe the moon: a waxing moon becomes larger and larger each night until it becomes a full moon, at which point it becomes small and smaller each night and becomes a waning moon.

Her enthusiasm for the diva’s new album only waxed with each song, by the end of the album, it was her favorite CD yet.

---

**check (noun/verb)**

TRICKY “EASY”

To check is to limit, and it is a word usually used to modify the growth of something.

When government abuses are not kept in check, that government is likely to become autocratic.

---

**qualify (verb)**

TRICKY “EASY”

This is perhaps the most confused secondary meaning, and one that is very important to know for the GRE. To qualify is to limit, and is usually used in the context of a statement or an opinion.

I love San Francisco.

I love San Francisco, but it is always windy.

The first statement shows my unqualified love for San Francisco. In the second statement, I qualify, or limit, my love for San Francisco.

In the context of the GRE, the concept of qualification is usually found in the Reading Comprehension passage. For example, an author usually expresses qualified approval or some qualified opinion in the passage. As you may have noticed, the authors of reading comprehension passages never feel 100% about something. They always think in a nuanced fashion. Therefore, they are unlikely to be gung-ho or downright contemptuous. That is, they qualify, or limit, their praise/approval/disapproval.
INTERESTING (AND INTERNATIONAL) WORD ORIGINS
AROUND THE WORLD
DOUBLE-SIDED FLASCHCARDS
powwow

kowtow

imbroglio

junta

schadenfreude

juggernaut
around the world

(verb)

Nope, ______ is not a giant truck for pulling bovines, but rather a word that comes from the imperial courts of China. When a person ______ to the emperor, or any eminent mandarin for that matter, he or she knelt and touched the ground with his or her forehead. Such a gesture was intended to show respect and submission.

Today, ______ has a negative connotation and implies that a person is acting in a subservient or sycophantic manner.

Paul ______ to his boss so often the boss herself soon became nauseated by his sycophancy.

around the world

(noun)

______ means to join and comes via Portugal and Spain. But this joining was in no way peaceful. Whenever military groups joined forces to usurp the existing regime, they would form a military junta. Today, ______ can refer to the aggressive takeover by a group.

As dangerous of a threat as North Korea is, some analysts believe that were a ______ suddenly to gain power, it could be even more unpredictable and bellicose than the current leadership.

around the world

(noun)

______ is one of those words that at first glance may seem gratuitous. After all, do we really need a word that literally translates from the German as harm-joy? Unfortunately, a twisted quirk of human nature is that we can sometimes take joy in the suffering of others. Luckily, German has provided us a word to use if we ever see someone cackling sardonically at the suffering of others.

From his warm apartment window, Stanley reveled in ______ as he laughed at the figures below, huddled together in the arctic chill.

around the world

(noun/verb)

No, it’s not lowbow’s cousin. This word sprung from American soil, namely the Algonquin tribe of North America. A ______ was quite a hootenanny of a time and involved a big party of dancing and dining between tribes.

Strangely, today’s meaning is a lot more subdued, and far less fun. Any informal discussion or colloquy is regarded as a ______. You and your co-worker can have a mid-afternoon ______ over coffee. A political leader can have a ______ with his cronies (I’m presuming they’d favor cigars over coffee).

Before the team takes the field, the coach always calls for a ______ so that he can make sure all the players are mentally in the right place.
pariah
zeitgeist
amuck
nabob
around the world

(adv.)
To run _____ (also spelled amok) is to run about frenzied. While this word comes to us via Malay, you don’t have to live on the Malaysian peninsula to witness people running _____.

Wherever the bowl-cut teen-idol went, his legions of screaming fans ran through the streets _____, hoping for a glance of his boyish face.

around the world

(noun)
This word means an outcast. It comes from Hindi, one of the most prominent languages spoken in India. While India is on the other side of the world (at least from where I’m sitting), it should come as no surprise that we have acquired words from Hindi. After all, the British (remember, the people who “invented” English) colonized India and greatly influenced her for more than a century. The influence went both ways, as we now have words like pundit, meaning an expert in a particular area. And any pundit on geography and linguistics can tell you that another common language spoken in India is English.

The once eminent scientist, upon being implicated for fudging his data, has become a _____ in the research community.

around the world

(noun)
This word is fun to say. It definitely wouldn’t be fun to see on the GRE, if you didn’t know what it meant. So let’s make sure that doesn’t happen. A _____ is a wealthy, influential person. This word also comes from Hindi, and was originally used by Indians to describe a wealthy British person living in India. While it is not as common as pundit and pariah, _____ applies to many living here in the U.S., though I don’t think it a good idea to call Donald Trump a _____ to his face.

The _____ can be seen, heads a bobbing, driving by in their Italian sports cars, listening to techno.

around the world

(noun)
Okay, German is by no means a distant tongue, or for that matter, an exotic one. _____ however, doesn’t look anything like your typical English word. Translated literally from German, _____ means “time-ghost.” In terms of an actual definition, _____ means spirit of the times.

Each decade has its own _____—the 1990’s was a prosperous time in which the promise of the American Dream never seemed more palpable. The zeitgeist of the 2000’s was a curious admixture of fear and frivolity; when we were not anxious over the state of the economy and the world, we escaped into reality T.V. shows, either those on popular networks or the ones we would create ourselves on YouTube.
AROUND THE WORLD
ONE-SIDED FLASHCARDS
kowtow (verb)
AROUND THE WORLD

Kowtow is not a giant truck for pulling bovines, but rather a word that comes from the imperial courts of China. When a person kowtowed to the emperor, or any eminent mandarin for that matter, he or she knelt and touched the ground with his or her forehead. Such a gesture was intended to show respect and submission.

Today, kowtow has a negative connotation and implies that a person is acting in a subservient or sycophantic manner:

Paul kowtowed to his boss so often the boss herself soon became nauseated by his sycophancy.

powwow (noun/verb)
AROUND THE WORLD

No, it’s not kowtow’s cousin. This word sprung from American soil, namely the Algonquin tribe of North America. A powwow was quite a hootenanny of a time and involved a big party of dancing and dining between tribes.

Strangely, today’s meaning is a lot more subdued, and far less fun. Any informal discussion or colloquy is regarded as a powwow. You and your co-worker can have a mid-afternoon powwow over coffee. A political leader can have a powwow with his cronies (I’m presuming they’d favor cigars over coffee).

Before the team takes the field, the coach always calls for a powwow so that he can make sure all the players are mentally in the right place.

junta (noun)
AROUND THE WORLD

A junta means to join and comes via Portugal and Spain. But this joining was in no way peaceful. Whenever military groups joined forces to usurp the existing regime, they would form a military junta. Today, junta can refer to the aggressive takeover by a group.

As dangerous as North Korea is, some analysts believe that were a junta suddenly to gain power, it could be even more unpredictable and bellicose than the current leadership.

imbroglio (noun)
AROUND THE WORLD

It may sound like an exotic vegetable or a pungent pasta dish, but it’s neither. Imbroglio comes to us via mid-18th century Italian and has nothing to do with the kitchen. Instead it is related to the verb embroil and describes a confusing, and potentially embarrassing, situation.

The chef cook-off featured one gourmand who had the unfortunate distinction of mixing the wrong broths, creating an imbroglio that viewers will not soon forget.

juggernaut (noun)
AROUND THE WORLD

To many, this word was forever immortalized in X-Men 2, when one of the main characters, Juggernaut, ran through walls, pulverizing them. This power to knock over and destroy anything in one’s path can also be traced to the original juggernaut, a word that comes to us via Hindi. A juggernaut was a large temple vehicle—and when I mean large, I mean humongous—under which followers of Krishna would supposedly throw themselves.

Today, the word juggernaut doesn’t necessarily include any grisly sacrifices, but refers to any large force that cannot be stopped.

Napoleon was considered a juggernaut, until he decided to invade Russia in winter; within weeks his once seemingly invincible army was decimated by cold and famine.

schadenfreude (noun)
AROUND THE WORLD

Schadenfreude is one of those words that at first glance may seem gratuitous. After all, do we really need a word that literally translates from the German as harm-joy? Unfortunately, a twisted quirk of human nature means that we sometimes take joy in the suffering of others. Luckily, German has provided us a word to use if we ever see someone crackling sardonically at the suffering of others.

From his warm apartment window, Stanley reveled in schadenfreude as he watched the figures below, huddled together in the arctic chill.
amuck (adv.)
AROUND THE WORLD
To run amuck (also spelled amok) is to run about frenzied. While this word comes to us via Malay, you don’t have to live on the Malaysian peninsula to witness people running amuck.

Wherever the bowl-cut teen-idol went, his legions of screaming fans ran through the streets amuck, hoping for a glance of his boyish face.

pariah (noun)
AROUND THE WORLD
This word means an outcast. It comes from Hindi, one of the most prominent languages spoken in India. While India is on the other side of the world (at least from where I’m sitting), it should come as no surprise that we have acquired words from Hindi. After all, the British (remember, the people who “invented” English) colonized India and greatly influenced her for more than a century. The influence went both ways, as we now have words like pundit, meaning an expert in a particular area. And any pundit on geography and linguistics can tell you that another common language spoken in India is English.

The once eminent scientist, upon being inculpated for falsifying his data, has become a pariah in the research community.

nabob (noun)
AROUND THE WORLD
This word is fun to say. It definitely wouldn’t be fun to see on the GRE, if you didn’t know what it meant. So let’s make sure that doesn’t happen. A nabob is a wealthy, influential person. This word also comes from Hindi, and was originally used by Indians to describe a wealthy British person living in India. While it is not as common as pundit and pariah, nabob applies to many living here in the U.S., though I don’t think it a good idea to call Donald Trump a nabob to his face.

The nabobs can be seen, heads a bobbing, driving by in their Italian sports cars, listening to techno.

zeitgeist (noun)
AROUND THE WORLD
Okay, German is by no means a distant tongue, or for that matter, an exotic one. Zeitgeist, however, doesn’t look anything like your typical English word. Translated literally from German, zeitgeist means “time-ghost.” In terms of an actual definition, zeitgeist means spirit of the times.

Each decade has its own zeitgeist—the 1990’s was a prosperous time in which the promise of the American Dream never seemed more palpable. The zeitgeist of the 2000’s was a curious admixture of fear and frivolity; when we were not anxious over the state of the economy and the world, we escaped into reality TV shows, either those on popular networks or the ones we would create ourselves on YouTube.

french words

(noun)

______ literally means cold-blooded. It is defined as calmness and poise, especially in trying situations.

The hostage negotiator exhibited a ______ that oftentimes was more menacing than the sword at his throat or the gun at his head.

(noun)

This is a person who has recently acquired wealth, and has therefore risen in class. ______ has a derogatory connotation, meaning that if you win the lottery and someone calls you a ______ they are not trying to be flattering.

The theater was full of ______ who each thought that they were flanked by aristocrats.

(verb)

______ means to object or express reluctance to do something. ______ should not be confused with demure, which as an adjective means coy. They both come from around the time of the Norman Conquest (though the Anglophiles may have ______ to use either).

When asked if she wanted to visit the war torn region without a translator by his side, the journalist ______.

(noun)

This word is similar to parvenu (though ______ connotes more ruthless ambition). It came into the language much more recently, circa 1900.

The city center was aflutter with ______ who each tried to outdo one another with their ostentatious sports cars and chic evening dress.

(noun)

I learned ______ early in my life, because I had the peculiar misfortune of having a surname that rhymes with it. While none of this schoolyard teasing resulted in any ______, ______ is an important word and means a wild, confusing fight or struggle. Oh, and it comes from French (rhyming similarities aside, my last name is not derived from French).

Let’s see if I can weave all the French-related words into one coherent sentence:

Despite the scornful stances from entrenched aristocrats, the parvenu walked blithely about the palace grounds, maintaining his sangfroid and demurring to enter into the ______ that the snobbish were so fond of baiting arrivals into.

Oui!

(noun)

This word looks like it got jumbled up while I was typing. Believe it or not, ______ is not the result of errant fingers on my part, but comes to us from Louisiana. In Cajun country, in the 19th Century, a ______ was any unexpected gift. By no means a common GRE word—indeed, I doubt you’ll ever see it on the test—but if ______ happens to show up on the test, then consider it an unexpected gift.

The islanders thought that the seafarers had brought them a ______ when the latter presented them with gold coins; little did the islanders know that their days of bartering were numbered.
picayune
french words
(adj.)

_____ would make for a good 2,000-dollar Jeopardy clue, one which would probably read something like this:

“Don’t trifle with us—this word comes from Cajun country via France and refers to a 19th century coin of little value.”

“What is _____?” would be the correct answer (thanks, Alex!).

Derived from Cajun via Provencal France, _____ refers not only to a coin but also to an amount that is trifling or meager. It can also refer to a person who is petty. Therefore, if I’m being _____, I’m fussing over some trivial point.

English teachers are notorious for being _____; however, the English language is so nuanced and sophisticated that often such teachers are not being contrary but are only adhering to the rules.

FRENCH WORDS
ONE-SIDED FLASHCARDS
sangfroid (noun)
FRENCH WORDS

_Sangfroid_ literally means cold-blooded. It is defined as calmness and poise, especially in trying situations.

_The hostage negotiator exhibited a sangfroid that oftentimes was more menacing than the sword at his throat or the gun at his head._

parvenu (noun)
FRENCH WORDS

_This is a person who has recently acquired wealth, and has therefore risen in class. Parvenu has a derogatory connotation, meaning that if you win the lottery and someone calls you a parvenu they are not trying to be flattering._

_The theater was full of parvenus who each thought that they were flanked by aristocrats._

demur (verb)
FRENCH WORDS

_Demur_ means to object or express reluctance to do something. Demur should not be confused with demure, which as an adjective that means coy. They both come from around the time of the Norman Conquest (though the Anglophiles may have demurred to use either).

_When asked if she wanted to visit the war torn region without a translator by his side, the journalist demurred._

arriviste (noun)
FRENCH WORDS

_This word is similar to parvenu (though arriviste connotes more ruthless ambition). It came into the language much more recently, circa 1900._

_The city center was aflutter with arrivistes who each tried to outdo one another with their ostentatious sports cars and chic evening dress._

melee (noun)
FRENCH WORDS

_I learned melee early in my life, because I had the peculiar misfortune of having a surname that rhymes with it. While none of this schoolyard teasing resulted in any melees, melee is an important word and means a wild, confusing fight or struggle. Oh, and it comes from French (rhyming similarities aside, my last name is not derived from French)._  

_Let’s see if I can weave all the French-related words into one coherent sentence:_

_Despite the scornful stares from entrenched aristocrats, the parvenu walked blithely about the palace grounds, maintaining his sangfroid and demurring to enter into the melees that the snobbish were so fond of batting arrivistes into._

Oui!

lagniappe (noun)
FRENCH WORDS

_This word looks like it got jumbled up while I was typing. Believe it or not, lagniappe is not the result of errant fingers on my part, but comes to us from Louisiana. In Cajun country, in the 19th Century, a lagniappe was any unexpected gift. By no means a common GRE word—indeed, I doubt you’ll ever see it on the test—but if lagniappe happens to show up on the test, then consider it an unexpected gift._

_The islanders thought that the seafarers had brought them a lagniappe when the latter presented them with gold coins; little did the islanders know that their days of bartering were numbered._
**picayune (adj.)**

**FRENCH WORDS**

*Picayune* would make for a good 2,000-dollar Jeopardy clue, one which would probably read something like this:

"Don't triffl with us—this word comes from Cajun country via France and refers to a 19th century coin of little value."

"What is picayune?" would be the correct answer (thanks, Alex!).

Derived from Cajun via Provencal France, picayune refers not only to a coin but also to an amount that is trifling or meaner. It can also refer to a person who is petty. Therefore, if I'm being picayune, I'm fussing over some trivial point.

English teachers are notorious for being picayune; however, the English language is so nuanced and sophisticated, that often such teachers are not being contrary but are only adhering to the rules.

(adj.)

King Pyrrhus had the unfortunate luck of going up against the Romans. Some would say that he was actually lucky in that he actually defeated the Romans in the Battle of Asculum. ______ was perhaps more ambivalent, quipping, “One more such victory will undo me.”

So any win that comes at such a great cost that it is not even worth it is a ______ victory.

George W. Bush’s win in the 2000 election was in many ways a ______ victory: the circumstances of his win alienated close to half of America.
quixotic  
kafkaesque

panglossian  
maudlin

quisling  
malapropism
eponyms
(adj.)

By day, Franz Kafka filed papers at an insurance office, and by night churned out dark novels, which suggested that the quotidian world of the office was actually far more sinister. Mainly, his novels were known for the absurd predicaments of their main characters (who often went by nothing more than a single initial).

Today, we have the word ______, that refers to the absurdity we have to deal with living in a world of faceless bureaucracies. So next time you are put on hold for three hours and then volleyed back in forth between a dozen monotone-voice employees, think to yourself, hey this is ______.

The process of applying for a passport was so ______ that Charles ultimately decided not to take a vacation.

eponyms
(adj.)

Don Quixote is perhaps one of the most well-known characters in all of literature. I suppose there is something heartbreaking yet comical at a man past his prime who believes he is on some great mission to save the world. In fact, Don Quixote was so far off his rocker that he thought windmills were dragons.

As a word that means somebody who mistakes windmills for dragons would have a severely limited application, ______ has taken the broader meaning of someone who is wildly idealistic. It is one thing to want to help and world hunger; it is another to think you can do so on your own. The latter would be deemed ______.

For every thousand startups with ______ plans to be the next big thing in e-commerce, only a handful ever become profitable.

eponyms
(adj.)

Mary Magdalene was the most important female disciple of Jesus. After Jesus had been crucified, she wept at his tomb.

From this outward outpouring of emotion, we today have the word ______. Whereas Mary’s weeping was noble, ______ has taken on a negative connotation. A person who is ______ cries in public for no good reason, and is oftentimes times used to describe one who’s tried to finish a jeroboam alone, and now must share with the stranger sitting next to them all of his deepest feelings.

Just as those who were alive during the 70’s are mortified that they once coveted about in bell-bottoms, many who lived during the 80’s are now aghast at the ______ pop songs they used to enjoy—really just what exactly is a total eclipse of the heart?

eponyms
(noun)

Interestingly, there is another eponym for literature that has a very similar meaning: ______. Derived from Dr. Pangloss from Voltaire’s Candide, ______ carries a negative connotation, implying blind optimism.

Despite the fact that his country had been marred by a protracted civil war, Victor remained ever ______, claiming that his homeland was living through a Golden Age.

eponyms
(noun)

This is definitely one of my favorite eponyms. While the provenance is nowhere nearly as interesting as those of other eponyms, the word perfectly describes a lapse that any of us is capable of making, especially those studying for the GRE.

Ms. Malaprop was a character in a play The Rivals by the largely forgotten George Sheridan. She was known for mixing up similar sounding words, usually to comic effect. Indeed, she would utter the words with complete aplomb that those listening were unsure if she’d even mixed up words in the first place. Her favorite Spanish dance was the flamenco (note: the dance in question is the flamenco; a flamingo is a salmon-colored bird known both for its elegance and awkwardness).

GRE ______ aren’t quite so silly as Ms. Malaprop mixing up a bird and a Spanish dance, but I’ll do my best. See if you can spot the GRE ______, below.

The graffiti artist was indicted for defacing the church with gang signs.

Picasso was a protege artist, able to mix elements of African art with the oven guard.

We’ve all heard of the Nazis. Some of you may have even heard of the Vichy government, which was a puppet regime set up by the Nazis in France during WWII. Few of us, however, know that Germany also tried to turn Norway into a puppet regime. In order for Germany to take over Norway, it needed an inside man, a Norwegian who would sell his country out for the Nazis.

This man was Viktor ______. For arrant perfidy, he has been awarded the eponym ______, which means traitor.

History looks unfavorably upon ______; indeed they are accorded about the same fondness as Nero—he who watched his city burn down while playing the violin.
galvanize

byzantine
Okay, I cheated a little on this one. Byzantine was not a medieval philosopher (nor an industrious ant). The word ______ is not derived from a person’s name, but from Byzantium, an ancient city that was part of the ______ Empire (the word can also refer to the empire itself). Specifically, Byzantium was known for the intricate patterns adorning its architecture. Bulbous domed cisterns were emblazoned with ornate tiling (think of the towers on a Russian church).

The modern usage of ______ refers not to architecture per se, but to anything that is extremely intricate and complex. It actually carries a negative connotation.

Getting a driver’s license is not simply a matter of taking a test; the regulations and procedures are so ______ that many have found themselves at the mercy of the DMV.

Like many late 18th Century scientists, Luigi Galvani was fascinated with electricity (you may recall a certain Ben Franklin who had a similar penchant). Galvani’s breakthrough came a little more serendipitously than playing with metals in lightning storms—he noticed that an electric current passing through a dead frog’s legs made those legs twitch. This observation sparked—pardon the pun—a series of connections: could it be that electric shock could cause muscles to twitch?

Today, ______ can mean to shock but in a different sense than through raw electricity. To ______ is to shock or urge somebody/something into action.

The colonel’s speech ______ the troops, who had all but given up.

STRANGE ORIGINS
DOUBLE-SIDED FLASHCARDS
protean

supercilious

saturnine

sartorial

mercurial
Strange origins
(adj.)
Cilia are small, thick hairs. One area on our bodies that contains cilia is our eyebrows. _____ is derived from the rising of these brows. Of course a word that means raising one's eyebrows would probably have limited use. It's what the raising of eyebrows connotes. Apparently, to be _____ is to be haughty and disdainful. That is, when we look down at someone in a demeaning way, we might be tempted to lift our brows.

Nelly felt the Quiz Bowl director acted _____ towards the underclassmen; really, she fumed, must he act so preternaturally omniscient each time he intones some obscure fact—as though everybody knows that Mt. Aconcagua is the highest peak in South America.

strange origins
(adj.)
The sartorius muscle is found on your legs and crosses from the back, near the hamstring, all the way to the base of the quadriceps, at the front of the leg. The name sartorius was derived from the Latin for tailor. You may ask what a leg muscle has to do with a person who stitches clothes? Well, whenever a tailor was at work, he/she would cross his or her legs. In order to do so, a tailor must employ a special leg muscle, the sartorius. Today, _____ does not relate directly to the muscle or tailor, but rather to the way we dress (makes sense considering tailors work with clothes).

Marte was astute at navigating the world of finance: _____, however, he was found wanting—he typically would attempt to complemented his beige tie with a gray suit and white pants.

strange origins
(adj.)
The etymology of this curious word can be traced to two sources: alchemy and astrology. For alchemists, Saturn was related to the chemical lead. When a person has severe lead poisoning, he or she takes on a very gloomy and morose disposition. Astrologists, on the other hand, believed that the planet Saturn was gloomy and morose. Usually, we would be loath to attribute human characteristics to large floating rocks, but remember—these were astrologists. Either way you look at it, to be _____ is to be morose.

Deprived of sunlight, humans become _____; that's why in very northerly territories people are encouraged to sit under an extremely powerful lamp, lest they become morose.

strange origins
(adj.)
From the element mercury, which has no fixed form and constantly changes, we have the word _____; _____ refers to personality; anyone who unpredictably changes his or her mood is mercurial. This is a very common GRE word, so make sure you learn it.

Martha Argerich's _____ nature is perfectly matched with playing Chopin: she'll toss off, with aplomb, effervescent passages, before moments later plumbing the depths of her soul to give voice to bars of music steeped in the utmost melancholy.
STRANGE ORIGINS
ONE-SIDED FLASHCARDS
supercilious (adj.)

STRANGE ORIGINS

Cilia are small, thick hairs. One area on our bodies that contains cilia is our eyebrows. Supercilious is derived from the rising of these brows. Of course a word that means raising one’s eyebrows would probably have limited use. It’s what the raising of eyebrows connotes. Apparently, to be supercilious is to be haughty and disdainful. That is, when we look down at someone in a demeaning way, we might be tempted to lift our brows.

Nelly felt the Quiz Bowl director acted superciliously towards the underclassmen; really, she fumed, must he act so preternaturally arrogant each time he intones some obscure fact—as though everybody knows that Mr. Aconcagua is the highest peak in South America.

protean (adj.)

STRANGE ORIGINS

Nope, I have not spelled protein incorrectly (don’t worry—carbohydrates will not show up next on the list!). Protean is an eponym derived from the Greek god Proteus, who could change into shape or forms at will. To be protean, however, does not mean you wow party guests by shifting into various kinds of lawn furniture. The consummate adaptability implied by the word is used to describe a person’s ability. So an actor, musician, or writer who is very versatile is protean.

Peter Sellers was truly a protean actor—in Doctor Strangelove he played three very different roles: a jingoist general, a sedate President, and a deranged scientist.

sartorial (adj.)

STRANGE ORIGINS

The sartorius muscle is found on your legs and crosses from the back, near the hamstring, all the way to the base of the quadriceps, at the front of the leg. The name sartorius was derived from the Latin for tailor. You may ask what a leg muscle has to do with a person who stitches clothes? Well, whenever a tailor was at work, he/she would cross his or her legs. In order to do so, a tailor must employ a special leg muscle, the sartorius. Today, sartorial does not relate directly to the muscle or tailor, but rather to the way we dress (makes sense considering tailors work with clothes).

Marte was astute at navigating the world of finance; sartorially, however, he was found wanting—he typically would attempt to complement his beige tie with a gray suit and white pants.

saturnine (adj.)

STRANGE ORIGINS

The etymology of this curious word can be traced to two sources: alchemy and astrology. For alchemists, Saturn was related to the chemical lead. When a person has severe lead poisoning, he or she takes on a very gloomy and morose disposition. Astrologists, on the other hand, believed that the planet Saturn was gloomy and morose. Usually, we would be loath to attribute human characteristics to large floating rocks, but remember—these were astrologists. Either way you look at it, to be saturnine is to be morose.

Deprived of sunlight, humans become saturnine; that’s why in very northerly territories people are encouraged to sit under an extremely powerful lamp, lest they become morose.

mercurial (adj.)

STRANGE ORIGINS

From the element mercury, which has no fixed form and constantly changes, we have the word mercurial. Mercurial refers to personality; anyone who unpredictably changes his or her mood is mercurial. This is a very common GRE word, so make sure you learn it.

Martha Argerich’s mercurial nature is perfectly matched with playing Chopin; she’ll toss off with aplomb, effervescent passages, before moments later plumbing the depths of her soul to give voice to bars of music steeped in the utmost melancholy.

WOULDN'T WANT TO MEET
ONE-SIDED FLASHCARDS
**martinet (noun)**  
WON'T WANT TO MEET

Not to be confused with a doll dangled on strings (that’s a marionette), a *martinet* is a person who is a strict disciplinarian. Think of a drill sergeant who barks an order and a platoon of cadets jump to attention—the slightest misstep and its toilet duty. If anything, the martinet is the one holding the strings.

This military example is no coincidence; martinet is an eponym, meaning a word derived from a person’s name. The guilty party in this case is the 17th Century French drillmaster Jean Martinet.

The job seemed perfect to Rebecca, until she found out that her boss was a total martinet. After each project the boss would come by to scrutinize and inevitably criticize—every little detail of the work Rebecca had done.

---

**curmudgeon (noun)**  
WON'T WANT TO MEET

Probably one of my favorite GRE words—it’s great for describing certain folk and it’s fun to say. A *curmudgeon* is a grouchy, surly person, one who is always sulking as they grumble about something or another.

Uncle Mike was the family curmudgeon so on Thanksgiving he was pilled with copious amounts of wine so that he would finally lose the grumpy demeanor and break into a faint smile.

---

**misanthrope (noun)**  
WON'T WANT TO MEET

You thought a curmudgeon was bad? A *misanthrope*—or hater of mankind—walks down the street spewing vitriol at all those who walk by. College campuses are famous for misanthropes, those disheveled types who haunt coffee shops, muttering balefully as students pass by. Some say they are homeless; others that they didn’t get tenure. Regardless, steer clear of the misanthrope.

Hamilton had been deceived so many times in his life that he hid behind the gruff exterior of a misanthrope, lambasting perfect strangers for no apparent reason.

---

**reprobate (noun)**  
WON’T WANT TO MEET

This word comes from reprove, a popular GRE word, which means (n uphold, not to prove again) to express disapproval. *A reprobate* is a noun and is the recipient of the disapproval.

Reprobate is a mildly humorous word, meaning that you would use it to describe some no good soul, but one you have a fondness for.

Those old reprobates drinking all day down by the river—they are not going to amount to much.

---

**virago (noun)**  
WON’T WANT TO MEET

This word has a real cool origin – the *vir-* comes from the Latin man. *Virago,* however, was coined during the medieval period to describe heroic female warriors. Today virago does not have such a noble connotation – it describes an ill-tempered and sometimes violent woman. If you’ve ever had an old lady scream at you for no good reason, then you’ve had an encounter with a virago.

Poor Billy was the victim of the virago’s invective—she railed at him for a good 30 minutes about how he is the scum of the earth for speaking loudly on his cell phone in public.
RELIGIOUS WORDS
DOUBLE-SIDED FLASHCARDS

religious words
(adj.)

When it comes time to elect the pope who gets together? The ______ of course. And when you're watching baseball in St. Louis, and the players all have red birds on their uniforms, which team are you seeing? The ______ of course. And when you are on the GRE and you see the word ______? Well it has nothing to do with birds, baseball or popes.

______ means of primary importance, fundamental. That makes sense when you think of the ____ in the church—after all they do elect the pope. The bird happens to be the same color as the ____ robes. As for what St. Louis has to do with ____ I have no clue.

As if you needed any more associations—the expression, "______ sin", retains the GRE definition of the word, and means primary. It does not refer to naughty churchmen.

Most cultures consider gambling a ______ sin and thus have outlawed its practice.

religious words
(adj.)

This word comes from parish, a small ecclesiastical district, usually located in the country. ______ still has this meaning, i.e. relating to a church parish, but we are far more concerned with the negative connotation that has emerged from the rather sedate original version.

To be ______ is to be narrow-minded in one's view. The idea is if you are hanging out in the country, you tend to be a little cut off from things. The pejorative form—at least to my knowledge—is not a knock at religion.

Jasmine was sad to admit it, but her fledgling relationship with Jacob did not work out because his culinary tastes were simply too ______. "After all," she quipped on her blog, "he considered Chef Boyardee ethnic food."

religious words
(noun)

A few hundred years ago, many ran afoul of the church, and excommunications (and worse) were typical reprisals. If such was the case, the Pope actually uttered a formal curse against a person. This curse was called the ______.

Today this word, in addition to a broader scope, has taken a twist. If something is ______, he, she, or it is the source of somebody's hate.

The verb form of the word ______ still carries the old meaning of to curse.

Hundreds of years ago, Galileo was ______ to the church; today the church is anathema to some on the left side of the political spectrum.

religious words
(verb)

If a person willfully violates or destroys any sacred place, he (or she) is said to _____ it. Tombs, graves, churches, shrines and the like can all be victims of _____ One, however, cannot _____ a person, regardless of how holy that person may be.

The felon had ______ the holy site, and was on the church's Top 10 Anathema list.

religious words
(adj.)

This is a difficult word, and not one that would go on any top 1000 words you have to know for the GRE. But for those with a robust vocabulary, pay heed: if I concoct a new religion and decide to take bits and pieces from other religions—I don a cardinal's robe, shave my head a la Buddha, and disseminate glossy pamphlets about the coming apocalypse—I have created a ______ religion, one that combines elements of different religions.

You can probably see where this is going with the GRE definition—which tends to offer a little more latitude ______ more generally speaking—can refer to any amalgam of different schools of thought.

Jerry the shrink takes a ______ approach to psychotherapy: he mixes the Gestalt with some Jung and a healthy (or unhealthy, depending on your view) dose of Freud.
sanctimonious

iconoclast

apostasy
**religious words**

*(noun)*

Some believers turn against their faith and renounce it. We call this act _____, and those who commit it, ____. Today the word carries a slightly broader connotation in that it can apply to politics as well.

An _____ of the Republican Party, Sheldon has yet to become affiliated with any party but dubs himself a “literal independent.”

*(adj.)*

This is a tricky word, and thus you can bet it’s one of GRE’s favorites. _____ does not mean filled with sanctity or holiness. Instead it refers to that quality that can overcome someone who feels that they are holier (read: morally superior) to everybody else.

Colloquially, we hear the term holier-than-thou. That is a very apt way to describe the attitude of a _____ person.

Even during the quiet sanctity of evening prayer, she held her chin high, a ____ sneer forming on her face as she eyed those attending church for the first time.

*(noun)*

This is an interesting word. The definition that relates to the church is clearly negative, i.e. an _____ is one who destroys religious images. Basically, this definition applies to the deranged drunk who goes around desecrating icons of the Virgin Mary.

The applicability of this definition to GRE is clearly suspect. The second definition, however, happens to be one of the GRE’s top 100 words. An _____—more broadly speaking—is somebody who attacks cherished beliefs or institutions. This use of the word is not necessarily negative.

According to some scholars, art during the 19th century had stagnated into works aimed to please fussy art academies; it took the _____ of Vincent Van Gogh to inject fresh life into the effete world of painting.
cardinal (adj.)

RELGIOUS WORDS

When it comes time to elect the pope who gets together? The cardinals, of course. And when you're watching baseball in St. Louis, and the players all have red birds on their uniforms, which team are you seeing? The Cardinals, of course. And when you're on the GRE and you see the word cardinal! Well it has nothing to do with birds, baseball or popes.

Cardinal means of primary importance, fundamental. That makes sense when you think of the cardinals in the church—after all, they do elect the pope. The bird happens to be the same color as the cardinals' robes. As for what St. Louis has to do with cardinals, I have no clue.

As if you needed any more associations—the expression, “cardinal sin”, retains the GRE definition of the word, and means primary. It does not refer to naughty churchmen.

Most cultures consider gambling a cardinal sin and thus have outlawed its practice.

gre.magoosh.com

parochial (adj.)

RELGIOUS WORDS

This word comes from parish, a small ecclesiastical district, usually located in the country. Parochial still has this meaning, i.e. relating to a church parish, but we are far more concerned with the negative connotation that has emerged from the rather sedate original version.

To be parochial is to be narrow-minded in one's view. The idea is if you are hanging out in the country, you tend to be a little cut off from things. The pejorative form—at least to my knowledge—is not a knock at religion.

Jasmine was said to admit it, but her fledgling relationship with Jacob did not work out because his culinary tastes were simply too parochial. “After all,” she quipped on her blog, “he considered Chef Boyardee ethnic food.”

gre.magoosh.com

catholic (adj.)

RELGIOUS WORDS

We have many associations with Catholicism: cardinals, nuns, yielding crucifixes at frothing demons. Thus, it is somewhat surprising that a second definition of Catholic—and the one that will be tested on the GRE—means universal.

Or perhaps not too surprising, considering that Catholicism has a universal reach and, more importantly, the Catholic Church conducts mass in Latin. Catholic comes from the late Latin, catholicus, which means, as you can probably guess, universal. Catholic also implies wide-ranging or all-embracing.

Jonah’s friends said that Jonah’s taste in music was eclectic; Jonah was quick to point out that not only was his taste eclectic but it was also catholic: he enjoyed music from countries as far-flung as Mali and Mongolia.

gre.magoosh.com

anathema (noun)

RELGIOUS WORDS

A few hundred years ago, many ran afoul of the church, and excommunications (and worse) were typical reprisals. If such was the case, the Pope actually uttered a formal curse against a person. This curse was called the anathema.

Today this word, in addition to a broader scope, has taken a twist. If something is anathema, he, she, or it is the source of somebody’s hate.

The verb form of the word, anathematize, still carries the old meaning of to curse.

Hundreds of years ago, Galileo was anathema to the church; today the church is anathema to some on the left side of the political spectrum.

gre.magoosh.com

desecrate (verb)

RELGIOUS WORDS

If a person willfully violates or destroys any sacred place, he (or she) is said to desecrate it. Tombs, graves, churches, shrines and the like can all be victims of desecrations. One, however, cannot desecrate a person, regardless of how holy that person may be.

The felon had desecrated the holy site, and was on the church’s Top 10 Anathema list.
**apostasy (noun)**

RELIGIOUS WORDS

Some believers turn against their faith and renounce it. We call this act apostasy, and those who commit it, apostates. Today the word carries a slightly broader connotation in that it can apply to politics as well.

An apostate of the Republican Party, Sheldon has yet to become affiliated with any party but dubs himself a “literal independent.”

---

**sanctimonious (adj.)**

RELIGIOUS WORDS

This is a tricky word, and thus you can bet it’s one of GRE’s favorites. Sanctimonious does not mean filled with sanctity or holiness. Instead, it refers to that quality that can overcome someone who feels that they are holier (read: morally superior) to everybody else.

Colloquially, we hear the term holier-than-thou. That is a very apt way to describe the attitude of a sanctimonious person.

Even during the quiet sanctity of evening prayer, she held her chin high, a sanctimonious sneer forming on her face as she eyed those attending church for the first time.

---

**iconoclast (noun)**

RELIGIOUS WORDS

This is an interesting word. The definition that relates to the church is clearly negative, i.e. an iconoclast is one who destroys religious images. Basically, this definition applies to the deranged drunk who goes around desecrating icons of the Virgin Mary.

The applicability of this definition to GRE is clearly suspect. The second definition, however, happens to be one of the GRE’s top 100 words. An iconoclast—more broadly speaking—is somebody who attacks cherished beliefs or institutions. This use of the word is not necessarily negative.

According to some scholars, art during the 19th century had stagnated into works aimed to please stuffy art academies; it took the iconoclasm of Vincent Van Gogh to inject fresh life into the effete world of painting.
POLITICAL SCANDALS
DOUBLE-SIDED FLASHCARDS
political scandals

(noun)

______ is wrongdoing, usually by a public official. Oftentimes, you hear the term corporate ______—this type of wrongdoing occurs when somebody in the business world is up to no good. Typically, though, ______ is used in the context of politics. And, not to sound too cynical, but one usually doesn't have to look much further than one's local news to find example of ______—political or corporate.

Not even the mayor's trademark pearly-toothed grin could save him from charges of _______ while in power; he’d been running an illegal gambling ring in the room behind his office.

political scandals

(adj.)

To become caught up in a scandal is to become _______ in it. In the last couple of months, a few well-known politicians (again, not naming any names) have become _______ in scandals. From the verb _______, we get the noun imbroglio, which is an embarrassing, confusing situation.

These days we are never short of a D.C. imbroglio—a welcome phenomenon for those who, having barely finished feasting on the sordid details of one scandal, can sink their teeth into a fresh one.

political scandals

(noun)

If you've ever heard of a government taking bribes, well, that is an example of _______. To be venal is to be corrupt. Of late, charges of _______ tend to be few, though such charges simply don't make the same headlines as scandals of the lecherous kind.

If our legal system becomes plagued with _______, then the very notion of justice is imperiled.

political scandals

(verb)

If you've ever seen a politician caught in a lie (never!), and that person is trying to wiggle their way out of a pointed question, he (or she) is _______. Not that a U.S. president would ever _______ by talking about the household pet when confronted with charges of venality (I'm alluding to Richard Nixon and his dog Checkers).

Bobby learned not to _____ when his teacher asked him where his homework was; by giving a straightforward answer, he would avoid invoking the teacher's wrath.

political scandals

(adj.)

______, like lecherous, prurient, and libidinous, all refer to perversion. In terms of linking these words to the world of politics...well, given the sordid events that surface every few months, I don't think I need to elaborate.

Jerry's coworkers were confused as to why Jerry thought that the word mango carried _______ connotations; when he tried to explain, they only became more perplexed.

political scandals

(noun)

Sometimes lechery and its synonymous friends are just too soft when describing certain acts of malefiance. At the far ends of the political spectrum, where outrage is felt most keenly, people feel the need to invoke far harsher vocabulary when condemning naughty behavior. One such word is ________, which gained prominence in the late 90's (Google will fill in the blanks). A synonym for depravity, ________ is only reserved for those acts deemed to be downright wicked and immoral.

During his reign, Caligula indulged in unspeakable sexual practices, so it not surprising that he will forever be remembered for his ________.
POLITICAL SCANDALS
ONE-SIDED FLASHCARDS
malfeasance (noun)

POLITICAL SCANDALS

Malfeasance is wrongdoing, usually by a public official. Often, you hear the term corporate malfeasance—this type of wrongdoing occurs when somebody in the business world is up to no good. Typically, though, malfeasance is used in the context of politics. And, not to sound too cynical, but one usually doesn't have to look much further than one's local news to find example of malfeasance—political or corporate.

Not even the mayor's trademark pearly-toothed grin could save him from charges of malfeasance; while in power, he'd been running an illegal gambling ring in the room behind his office.

lascivious (adj.)

POLITICAL SCANDALS

Lascivious, like lecherous, prurient, and libidinous, all refer to perversion. In terms of linking these words to the world of politics...well, given the sordid events that surface every few months, I don't think I need to elaborate.

Jerry's coworkers were confused as to why Jerry thought the word mango carried lascivious connotations; when he tried to explain, they only became more perplexed.

embroiled (adj.)

POLITICAL SCANDALS

To become caught up in a scandal is to become embroiled in it. In the last couple of months, a few well-known politicians (again, not naming any names) have become embroiled in scandals. From the verb embroiled, we get the noun imbroglio, which is an embarrassing, confusing situation.

These days we are never short of a D.C. imbroglio—a welcome phenomenon for those who, having barely finished feasting on the sordid details of one scandal, can sink their teeth into a fresh one.

venality (noun)

POLITICAL SCANDALS

If you've ever heard of a government taking bribes, well, that is an example of venality. To be venal is to be corrupt. Of late, charges of venality tend to be few, though such charges simply don't make the same headlines as scandals of the lecherous kind.

If our legal system becomes plagued with venality, then the very notion of justice is imperiled.

prevaricate (verb)

POLITICAL SCANDALS

If you've ever seen a politician caught in a lie (never!), and that person is trying to wiggle their way out of a pointed question, he (or she) is prevaricating. Not that a U.S. President would ever prevaricate by talking about the household pet when confronted with charges of venality (I'm alluding to Richard Nixon and his dog Checkers).

Bobby learned not to prevaricate when his teacher asked him where his homework was; by giving a straightforward answer, he would avoid invoking the teacher's wrath.

turpitude (noun)

POLITICAL SCANDALS

Sometimes lechery and its synonymous friends are just too soft when describing certain acts of malfeasance. At the far ends of the political spectrum, where outrage is felt most keenly, people feel the need to invoke far harsher vocabulary when condemning naughty behavior. One such word is turpitude, which gained prominence in the late 90's (Google will fill in the blanks). A synonym for depravity, turpitude is only reserved for those acts deemed to be downright wicked and immoral.

During his reign, Caligula indulged in unspeakable sexual practices, so it not surprising that he will forever be remembered for his turpitude.

**how much can you spend?**

**(noun)**

This word is the opposite of thrifty. If you are a _____, you buy as though consumerism were going out of style. This one is perhaps easy to remember; it does, after all, have the word ‘spend’ in it.

Weekly trips to Vegas and five-star restaurants on Tuesday evenings, Megan was a _____ whose prodigality would inevitably catch up with her.

---

**how much can you spend?**

**(adj.)**

A synonym with miserly and stingy, _____ is GRE-speak for extremely frugal. Like miserly, this word has a negative connotation.

Even with millions in his bank account, Fred was so _____ that he followed a diet consisting of nothing more than bread and canned soup.

---

**how much can you spend?**

**(noun)**

This is a person who indulges in luxury. And though the word doesn’t directly relate to wealth, most of the times a _____ has to be wealthy (though even the relatively penurious amongst us can live the life of a ________, if he or she isn’t loath to run up several credit cards.)

Despite the fact that he’d maxed out fifteen credit cards, Max was still a ________ at heart; when the feds found him, he was at a $1,000 an hour spa in Manhattan, getting a facial.

---

**how much can you spend?**

**(adj.)**

The word pecuniary means relating to money. _____, on the other hand, means not having any money. _____, now mainly obsolete, means—as you can probably guess—wealthy.

In extremely trying times, even the moderately wealthy, after a few turns of ill-fortune, can become ________.

---

**how much can you spend?**

**(adj.)**

This is a synonym for impecunious. _____ also can be a synonym for miserly, so this word can be a little tricky. Whenever you have a word with two meanings, even if those meanings are closely related, make sure to come up with example sentences for both, so you don’t forget one of the definitions. (I’ve done so below).

Truly _____, Mary had nothing more than a jar full of pennies.

Sarah chose to be ________ and drive a beat-up VW, though with her wealth she could have easily afforded an Italian sports car.
affluent

INSOLVENT

HOW MUCH CAN YOU SPEND?
how much can you spend?

(adj.)
If you are _____, you can't pay your bills. Oftentimes people use the term bankrupt. If you are _____, on the other hand, you have paid off all your debts.

With credit card bills skyrocketing, surprisingly few are truly _____.

how much can you spend?

(adj.)
To be _____ is to be wealthy. This word usually describes countries, neighborhoods, or groups of people.

The center of the city had sadly become a pit of penury, while, only five miles away, multi-million dollar homes spoke of _____.
HOW MUCH CAN YOU SPEND?
ONE-SIDED FLASHCARDS
thrifty (adj.)

HOW MUCH CAN YOU SPEND?

If you are thrifty you spend money wisely. Be careful not to confuse thrifty with spendthrift, which is below.

He was economical, spending his money thriftyly and on items considered essential.

spendthrift (noun)

HOW MUCH CAN YOU SPEND?

This word is the opposite of thrifty. If you are a spendthrift, you buy as though consumerism were going out of style. This one is perhaps easy to remember; it does, after all, have the word ‘spend’ in it.

Weekly trips to Vegas and five-star restaurants on Tuesday evenings, Megan was a spendthrift whose prodigality would inevitably catch up with her.

parsimonious (adj.)

HOW MUCH CAN YOU SPEND?

A synonym with miserly and stingy Parsimonious is GRE-speak for extremely frugal. Like miserly, this word has a negative connotation.

Even with millions in his bank account, Fred was so parsimonious that he followed a diet consisting of nothing more than bread and canned soup.

sybarite (noun)

HOW MUCH CAN YOU SPEND?

This is a person who indulges in luxury. And though the word doesn’t directly relate to wealth, most of the times a sybarite has to be wealthy (though even the relatively penurious amongst us can live the life of a sybarite, if he or she isn’t loath to run up several credit cards.)

Despite the fact that he’d maxed out fifteen credit cards, Max was still a sybarite at heart; when the feds found him, he was at a $1,000 an hour spa in Manhattan, getting a facial.

impecunious (adj.)

HOW MUCH CAN YOU SPEND?

The word pecuniary means relating to money. Impecunious, on the other hand, means not having any money. Pecuniary, now mainly obsolete, means—as you can probably guess—wealthy.

In extremely trying times, even the moderately wealthy, after a few turns of ill-fortune, can become impecunious.

penurious (adj.)

HOW MUCH CAN YOU SPEND?

This is a synonym for impecunious. Penurious also can be a synonym for misery, so this word can be a little tricky. Whenever you have a word with two meanings, even if those meanings are closely related, make sure to come up with example sentences for both, so you don’t forget one of the definitions. (I’ve done so below).

Truly penurious, Mary had nothing more than a jar full of pennies.

Sarah chose to be penurious and drive a beat-up VW, though with her wealth she could have easily afforded an Italian sports car.
insolvent (adj.)
HOW MUCH CAN YOU SPEND?

If you are insolvent you can’t pay your bills. Oftentimes people use the term bankrupt. If you are solvent, on the other hand, you have paid off all your debts.

With credit card bills skyrocketing, surprisingly few are truly solvent.

affluent (adj.)
HOW MUCH CAN YOU SPEND?

To be affluent is to be wealthy. This word usually describes countries, neighborhoods, or groups of people.

The center of the city had sadly become a pit of penury, while, only five miles away, multi-million dollar homes spoke of affluence.
CAN’T SPEND IT FAST ENOUGH
DOUBLE-SIDED FLASHCARDS
prodigal
profligate

cupidity
avarice
can’t spend it fast enough

(adj.noun)
This word means spending recklessly almost to the point of immorality. This word often pops up in politics, when some charge that government is spending wastefully, ______ is also a person known for his or her _____.

Most lottery winners go from being conservative, frugal types to outright ______ who blow millions on fast cars, lavish homes, and giant yachts.

can’t spend it fast enough

(adj.)
The provenance of this word—like many GRE words—is the Bible. One of Jesus’ most famous parables, the story is of a young man who squanders his father’s wealth and returns home destitute. His father forgives him, but to posterity he will forever be remembered as the prodigal son. To be ______ is to squander or waste wealth (it doesn’t necessarily have to be familial wealth). This word should not be confused with prodigious, which means vast or immense.

Successful professional athletes who do not fall prey to ____ seem to be the exception—most live decadent lives.

can’t spend it fast enough

(noun)
One of the seven deadly sins, _____ means greed. Of note, this word doesn’t necessarily mean greed for food but usually pertains to possessions or wealth.

The Spanish conquistadors were known for their ______, plundering Incan land and stealing Incan gold.

can’t spend it fast enough

(noun)
This word is similar to avarice in that it means greedy. But the word is even more relevant to this post in that it means greedy for money. Surprising, right? We think of Cupid the flying cherub, firing his arrow away and making Romeos and Juliets of us. To avoid any confusion, imagine Cupid flying around shooting arrows into people’s wallets/purses and then swooping in and taking the loot. Oh what _____!

Some people that amassing as much wealth as possible is the meaning to life—yet they often realize that ______ brings anything but happiness.
CAN’T SPEND IT FAST ENOUGH
ONE-SIDED FLASHCARDS
profligate  (adj.noun)  
CANT SPEND IT FAST ENOUGH

This word means spending recklessly almost to the point of immorality. This word often pops up in politics, when some charge that government is spending wastefully. **Profligate** is also a person known for his or her profligacy.

Most lottery winners go from being conservative, frugal types to outright profligates who blow millions on fast cars, lavish homes, and giant yachts.

prodigal (adj.)  
CANT SPEND IT FAST ENOUGH

The provenance of this word—like many GRE words—is the Bible. One of Jesus’ most famous parables, the story is of a young man who squanders his father’s wealth and returns home destitute. His father forgives him, but to posterity he will forever be remembered as the prodigal son. To be **prodigal** is to squander or waste wealth (it doesn’t necessarily have to be familial wealth). This word should not be confused with prodigious, which means vast or immense.

Successful professional athletes who do not fall prey to prodigality seem to be the exception—most live decadent lives.

avarice (noun)  
CANT SPEND IT FAST ENOUGH

One of the seven deadly sins, **avarice** means greed. Of note, this word doesn’t necessarily mean greed for food but usually pertains to possessions or wealth.

The Spanish conquistadors were known for their avarice, plundering Incan land and stealing Incan gold.

cupidity (noun)  
CANT SPEND IT FAST ENOUGH

This word is similar to avarice in that it means greedy. But the word is even more relevant to this post in that it means greed for money. Surprising, right? We think of Cupid the flying cherub, firing his arrow away and making Romeos and Juliets out of us. To avoid any confusion, imagine Cupid flying around shooting arrows into people’s wallets/purses and then swooping in and taking the loot. Oh what cupidity!

Some people that amassing as much wealth as possible is the meaning to life—yet they often realize that cupidity brings anything but happiness.
A HELPING HAND

pittance

fleece
mulct
a helping hand

(verb)
Is to help pay the cost of, either in part of full. Often times when students go off to college, they hope that tuition (which is always becoming steeper these days) will be ______ by any of a number of means: scholarships, parents, burgeoning stock portfolio, or even generous relatives.

In order for Sean to attend the prestigious college his magnanimous uncle helped ______ the excessive tuition with a monthly infusion of cash.

(a helping hand

(noun)
A small amount of money, ______ carries with it a negative connotation: a ______ is inadequate and will do little to take care of one’s costs.

Vinny’s uncle beamed smugly about how he’d offered his nephew fifty dollars for his Harvard tuition; even twice the amount would have been a mere ______.

a helping hand

(noun/verb)
This word means to trick or swindle. This word can function as a verb or as a noun. A ______ is a person who is easily swindled.

The charlatan mistook the crowd for a bunch of ______, but the crowd was quickly on to him and decried his bald-faced attempt to bilk them.

a helping hand

(verb)
This strange looking word also means to swindle or defraud someone. (Though the swindling doesn’t always have to relate to money.) ______ can also mean to fine someone.

The so-called magical diet cure simply ended up ______ Maria out of hundreds of dollars, but not hundreds of pounds.

a helping hand

(verb)
Don’t feel sheepish if you thought this word only pertained to the coat of an ovine. As a verb ______ means to swindle or dupe.

The Internet is filled with get-rich-quick schemes that intend only to ______ the Pollyannash and unsuspecting.
A HELPING HAND
ONE-SIDED FLASHCARDS
**defray** *(verb)*

A HELPING HAND

Is to help pay the cost of, either in part or full. Often times when students go off to college, they hope that tuition (which is always becoming steeper these days) will be defrayed by any of a number of means: scholarships, parents, burgeoning stock portfolio, or even generous relatives.

In order for Sean to attend the prestigious college his magnanimous uncle helped defray the excessive tuition with a monthly infusion of cash.

---

**stipend** *(noun)*

A HELPING HAND

Is a regular allowance, usually for a student (yes, it seems that many of these money matters are related to students!). Of course stipends aren’t just limited to students; governments provide stipends to a number of different people.

He was hoping for a monthly allowance loan from the government, but after no such stipend was forthcoming he realized he would have to seek other means of defraying his college tuition.

---

**pittance** *(noun)*

A HELPING HAND

A small amount of money, pittance carries with it a negative connotation; a pittance is inadequate and will do little to take care of one’s costs.

Vinny’s uncle beamed smugly about how he’d offered his nephew fifty dollars for his Harvard tuition; even twice the amount would have been a mere pittance.

---

**dupe** *(noun/verb)*

A HELPING HAND

This word means to trick or swindle. This word can function as a verb or as a noun. A dupe is a person who is easily swindled.

The charlatan misstook the crowd for a bunch of dupes, but the crowd was quickly on to him and decried his bald-faced attempt to bilk them.

---

**mulct** *(verb)*

A HELPING HAND

This strange looking word also means to swindle or defraud someone. (Though the swindling doesn’t always have to relate to money.) Mulct can also mean to fine someone.

The so-called magical diet cure simply ended up mulcting Maria out of hundreds of dollars, but not hundreds of pounds.

---

**fleece** *(verb)*

A HELPING HAND

Don’t feel sheepish if you thought this word only pertained to the coat of an ovine. As a verb fleece means to swindle or dupe.

The Internet is filled with get-rich-quick schemes that intend only to fleece the Pollyannash and unsuspecting.
PREPOSTEROUS
PREPOSITIONS
DOUBLE-SIDED FLASHCARDS
upbraid
untoward
overweening
underwrite
preposterous prepositions

(adj.)
You may think that untoward has something to do with a direction. But __________ does not mean disinclined to walk eastwards. __________ is an adjective meaning not favorable, inconvenient. A popular GRE synonym for __________ is inauspicious.

Some professors find teaching __________ as having to prepare for lectures and conduct office hours prevents them from focusing on attaining tenure.

verb

Upon seeing this word, you may imagine a hair stylist busily braiding patrons’ hair. __________, however, relates neither to up nor braiding. It means to scold or berate, a meaning it shares with many other words: reprimand, reproach, chide, and castigate.

Bob took a risk walking into the “Students Barbershop”—in the end he had to __________ the apparently hung over barber for giving him and uneven bowl cut.

verb

If you are writing below the margins of a paper you are not __________—you are simply writing below the margins of a piece of paper. __________ means to support financially.

The latest symphony broadcast was made possible with the __________ from various Arts & Humanities associations.

(adj.)

What exactly does it mean to ‘ween’? To go out on Halloween, perhaps! Making an __________ person one who takes a little bit too zealously to candy collecting and wakes up the next morning with a sugar hangover!

The answer of course is none of the above. To be __________ is to be presumptuously arrogant. What exactly does that mean? Say the aforementioned trick-or-treater grabs three times as much candy as everyone else, because he assumes he is entitled to as much candy as he wants. He would be __________. Which would make him __________ while Halloween (okay, I’ll stop before my humor becomes __________!)

_________ can also refer to ideas/opinions/appetites that are excessive or immoderate.

Mark was so convinced of his basketball skills that in his __________ pride he could not fathom that his name was not on the varsity list he walked up to the basketball coach and told her she had forgotten to add his name.
PREPOSTEROUS PREPOSITIONS

vituperation

harangue
occupy vocab

(noun)

The verb form of ______, at least in a loose sense, is inveigh. This word popped up a lot on the old GRE, because it was easily confused with inveigle, which means to coax. Both words are still good to know for the New GRE. ______ is used to describe harsh, critical language.

The Internet has unleashed the ______ in many of us; many people post stinging criticism on the comments section underneath newspaper articles or YouTube videos.

occupy vocab

(noun)

A ______ is a strong verbal attack against someone or something. The victim of a ______ is typically some organization, whether it be the FDA, the government, or, in this case, Wall Street. It is understood that the person unleashing the ______ is angry.

Steve's mom launched into a ______ during the PTA meeting, contending that the school was little more than a daycare in which students stare at the wall and teachers stare at the chalkboard.

occupy vocab

(noun)

______ takes on a more negative connotation, and suggests an abusive rant that has since become tedious and hackneyed. Currently, the Occupy movements have hardly devolved into ______, and may even intensify, if protestors feel their various demands have not been met. However, if the protest fizzes out months from now, except for the lone dude in the park, gesticulating at a passel of pigeons …well, he is very likely launching into a ______.

Joey had difficulty hanging out with his former best friend Perry, who, during his entire cup of coffee, would enumerate all of the government’s deficiencies, only to break ranks and launch into some ______ against big business.

occupy vocab

(noun/verb)

______ can be either a noun or a verb. It is a synonym of ______ and diatribe. Let someone ______ you for botched phonetics, the pronunciation of this word can be a bit tricky. ______ rhymes with twang, rang, and, for the dessert inclined, meringue.

Tired of his parents ______ him about his laziness and lack of initiative, Tyler finally moved out of home at the age of thirty-five.

occupy vocab

(noun)

This word is fun to say. ______ someone is neither fun for the ‘______’ nor the ‘______’. When you ______ somebody, or something, you violently launch into an invective or tirade. Spit shoots from your mouth, froth forming at your lips. Understandably, ______ is only used in extreme cases.

Jason had dealt with disciplinarians before, but nothing prepared him for the first week of boot camp, as drill sergeants would ______ him for forgetting to double knot the laces on his boots.
invective (noun)

The verb form of invective, at least in a loose sense, is inveigh. This word popped up a lot on the old GRE, because it was easily confused with inveigle, which means to coax. Both words are still good to know for the New GRE. Invective is used to describe harsh, critical language.

The Internet has unleashed the invectives in many of us; many people post stinging criticism on the comments section underneath newspaper articles or YouTube videos.

diatribe (noun)

A diatribe is a strong verbal attack against someone or something. The victim of a diatribe is typically some organization, whether it be the FDA, the government, or, in this case, Wall Street. It is understood that the person unleashing the diatribe is angry.

Steve’s mom launched into a diatribe during the PTA meeting, contending that the school was little more than a daycare in which students stare at the wall and teachers stare at the chalkboard.

screed (noun)

Screed takes on a more negative connotation, and suggests an abusive rant that has since become tedious and hackneyed. Currently, the Occupy movements have hardly devolved into screeds, and may even intensify, if protesters feel their various demands have not been met. However, if the protest fizzes out months from now, except for the lone dude in the park, gesticulating at a passel of pigeons ... well, he is very likely launching into a screed.

Joey had difficulty hanging out with his former best friend Perry, who, during his entire cup of coffee, would enumerate all of the government’s deficiencies, only to break ranks and launch into some screed against big business.

tirade (noun)

A tirade is an angry speech, one that suggests the person giving the tirade has become a little too angry, and should probably dismount the soapbox.

In terms of political change, a tirade oftentimes does little more than make the person speaking red in the face.

harangue (noun/verb)

Harangue can be either a noun or a verb. It is a synonym of tirade and diatribe. Lest someone harangue you for botched phonetics, the pronunciation of this word can be a bit tricky. Harangue rhymes with twang, rang, and, for the dessert inclined, merangue.

Tired of his parents haranguing him about his laziness and lack of initiative, Tyler finally moved out of home at the age of thirty-five.

vituperation (noun)

This word is fun to say. Vituperating someone is neither fun for the ‘vituperator’ nor the ‘vituperatee.’ When you vituperate somebody, or something, you violently launch into an invective or tirade. Spit shoots from your mouth, froth forming at your lips. Understandably, vituperate is only used in extreme cases.

Jason had dealt with disciplinarians before, but nothing prepared him for the first week of boot camp, as drill sergeants would vituperate him for forgetting to double knot the laces on his boots.
COMPOUND WORDS

aboveboard

hodgepodge

telltale

thoroughgoing
compound words
(adj.)
One word conjures up a relatively violent action, the other what one typically does if they want to escape a dangerous situation. Put them together and you get, voila, a word meaning careless. That’s right—_____ means hastily put together.

The office building had been constructed in a _____ manner, so it did not surprise officials when, during a small earthquake, a large crack emerged on the façade of the building.

compound words
(noun)
About two of the most ordinary words I can think of, and how someone who is generally apathetic might greet the morning. Put them together, and you get something far more exciting. _____ is the pinnacle, or top, of a person, time period or career.

During the _____ of Prohibition, bootlegging had become such a lucrative business that many who had been opposed to the 18th Amendment began to fear it would be repeated.

compound words
(adj.)
I guess whatever is below the board is deceptive, because _____ means open an honest. It usually refers to government officials who are honest.

The mayor, despite his avuncular visage plastered about the city, was hardly _____ — some concluded that it was his ingratiating smile that allowed him to engage in corrupt behavior and get away with it.

compound words
(adj.)
If something is thorough it is complete. Therefore, thorough isn’t too far from the meaning of _____, which means absolute.

As a _____ bibliophile, one who had turned his house into a veritable library, he shocked his friends when he bought a Kindle.

compound words
(adj.)
If I tell a tale, I am telling a story, one that is usually a fib. _____, however, simply means revealing.

The many _____ signs of chronic smoking include yellow teeth, and a persistent, hacking cough.
COMPOUND WORDS
ONE-SIDED FLASHCARDS
slapdash (adj.)

COMPUND WORDS

One word conjures up a relatively violent action, the other what one typically does if they want to escape a dangerous situation. Put them together and you get, voila, a word meaning careless. That's right—slapdash means hastily put together.

The office building had been constructed in a slapdash manner, so it did not surprise officials when, during a small earthquake, a large crack emerged on the façade of the building.

——

heyday (noun)

COMPOUND WORDS

About two of the most ordinary words I can think of, and how someone who is generally apathetic might greet the morning. Put them together and you get something far more exciting. Heyday is the pinnacle, or top, of a person, time period or career.

During the heyday of Prohibition, bootlegging had become such a lucrative business that many who had been opposed to the 18th Amendment began to fear it would be repealed.

——

hodgepodge (noun)

COMPOUND WORDS

Okay, I'm not really sure what a hodge is, or for that matter, a podge. But if you put them together, you get hodgepodge, a word that means a confusing mixture or jumble.

Long after his heyday as Germany's pre-eminent visionary philosopher, Nietzsche began to populate his writing with a hodgepodge of aphorisms.

——

aboveboard (adj.)

COMPOUND WORDS

I guess whatever is below the board is deceptive, because aboveboard means open an honest. It usually refers to government officials who are honest.

The mayor, despite his avuncular visage plastered about the city, was hardly aboveboard—some concluded that it was his ingratiating smile that allowed him to engage in corrupt behavior and get away with it.

——

thoroughgoing (adj.)

COMPOUND WORDS

If something is thorough it is complete. Therefore, thorough isn't too far from the meaning of thoroughgoing, which means absolute.

As a thoroughgoing bibliophile, one who had turned his house into a veritable library, he shocked his friends when he bought a Kindle.

——

telltale (adj.)

COMPOUND WORDS

If I tell a tale, I am telling a story, one that is usually a fib. Telltale, however, simply means revealing.

The many telltale signs of chronic smoking include yellow teeth, and a persistent, hacking cough.
macabre
cadaverous
diabolical
goosebumps
phantasmagorical
halloween
(adj.)

If someone is so skinny or emaciated that they look like a dead person, then that person is ______. This word comes from cadaver, which is a corpse. Besides emaciated, a good synonym for _____ is gaunt.

Some actors take challenging roles in which they have to lose so much weight that they appear _____.

halloween
(noun)

I would never have considered this a vocabulary word (let alone a GRE word), until, that is, the New GRE PowerPrep test included a Text Completion in which _____ was the answer.

_____ describe that sensation on our skin when we become frightened. You know, those sudden pimple-like bumps that suddenly appear when you are watching the first half of a horror movie (the last part of horror movies are typically cheesy, once they show the monster). Well, this is now a good word to remember for the GRE, lest you want to get _____ test day.

Some people believe that _____ result when a ghost brushes up against you.

halloween
(adj.)

This word comes from the Latin and Greek for devil (for those who speak Spanish, you may notice that the word is very similar to diablo). To be _____ is to be extremely wicked like the devil.

The conspirators, willing to dispatch anyone who stood in their way, hatched a _____ plan to take over the city.

halloween
(adj.)

This is a terrifying word, just from the standpoint of pronunciation: [fan-taz-muh-gwir-ik-a]. The definition is equally frightening: a series of images that seem as though they are out of a dream, whether those images are real or in one's head.

Those suffering from malaria fall into a feverish sleep, their world a whirring of _____; if they recover, they are unsure of what actually took place and what was simply a product of their feverish imaginations.
cadaverous (adj.)

HALLOWEEN

If someone is so skinny or emaciated that they look like a dead person, then that person is **cadaverous**. This word comes from cadaver, which is a corpse. Besides emaciated, a good synonym for cadaverous is gaunt.

Some actors take challenging roles in which they have to lose so much weight that they appear cadaverous.

macabre (adj.)

HALLOWEEN

If a story, film, or, for that matter, any description is filled with gruesome details about death and horror, we say that it is **macabre**.

Edgar Allen Poe was considered the master of the macabre; his stories vividly describe the moment leading up to—and often those moments after—a grisly death.

goosebumps (noun)

HALLOWEEN

I would never have considered this a vocabulary word (let alone a GRE word), until that is, the New GRE PowerPrep test included a Text Comprehension in which goosebumps was the answer.

**Goosebumps** describe that sensation on our skin when we become frightened. You know, those sudden pimple-like bumps that suddenly appear when you are watching the first half of a horror movie (the last part of horror movies are typically cheesy, once they show the monster). Well, this is now a good word to remember for the GRE, lest you want to get goosebumps test day.

Some people believe that goosebumps result when a ghost brushes up against you.

diabolical (adj.)

HALLOWEEN

This word comes from the Latin and Greek for devil (for those speak Spanish, you may notice that the word is very similar to diablo). To be **diabolical** is to be extremely wicked like the devil.

The conspirators, willing to dispatch anyone who stood in their way, hatched a diabolical plan to take over the city.

phantasmagorical (adj.)

HALLOWEEN

This is a terrifying word, just from the standpoint of pronunciation: [fən-təz-məl-gər-ik-əl]. The definition is equally frightening: a series of images that seem as though they are out of a dream, whether those images are real or in one's head.

Those suffering from malaria fall into a feverish sleep, their world a whirl of **phantasmagoria**; if they recover, they are unsure of what actually took place and what was simply a product of their feverish imaginations.
TALKATIVE WORDS
DOUBLE-SIDED FLASHCARDS
ingenuous

gregarious

disabuse

peruse

mettesome
If you are sociable, you are talkative, right? Well, not exactly. To be ______ is to be likely to socialize with others. A good synonym is flocking, like what birds do. But, just as birds do not talk to one another outside of a Pixar flick, people can hang out with each other and not necessarily have to chat. Therefore, do not confuse ______ with garrulous, which means talkative.

Often we think that great leaders are those who are ______, always in the middle of a large group of people; yet, as Mahatma Gandhi and many others have shown us, leaders can often be introverted.

talkative words
(adj.)

You may think you’ve heard someone exclaim, what an ______ plan! But, it’s actually an ______ plan. To be ______ is to be naive and innocent. So, if you are likely to go along with a devious plan, whether or not it is ______, you are ______.

Two years in college in Manhattan had changed Jen from an ______ girl from the suburbs to a jaded urbanite, unlikely to fall for any ruse, regardless of how elaborate.

talkative words
(verb)

______ means to read very carefully. Unfortunately, the colloquial usage not only ignores this definition, but goes so far as to flip this definition on its head. In light conversation, ______ means to read over quickly. The GRE constitutes anything but light conversation, so make sure to remember that ______ means to read over carefully (______ the first part of this paragraph helps!).

Instead of ______ important documents, people all too often rush to the bottom of the page and plaster their signature at the bottom.

talkative words
(verb)

To ______ is not the opposite of abuse (which would be a strange word to have an opposite for in the first place). To ______ is to persuade somebody that his/her belief is not valid. Often, ______ goes together with the word notion:

As a child, I was quickly ______ of the notion that Santa Claus was a rotund benefactor of infinite largess—one night I saw my mother diligently wrapping presents and storing them under our Christmas tree.

talkative words
(adj.)

When you poke your nose in somebody else’s business, you are being meddlesome. If you are ______ on the other hand, you are filled with mettle (no, not the hard stuff). ______ means courage or valor. A soldier on the battlefield is ______ when he runs into enemy fire to save a comrade.

For its raid on the Bin Laden’s compound in Abbottabad, Seal Team Six has become, for many Americans, the embodiment of ______.
TALKATIVE WORDS
ONE-SIDED FLASHCARDS
gregarious (adj.)
TALKATIVE WORDS
If you are sociable, you are talkative, right? Well, not exactly. To be gregarious is to be likely to socialize with others. A good synonym is flocking, like what birds do. But, just as birds do not talk to one another outside of a Pixar flick, people can hang out with each other and not necessarily have to chat. Therefore, do not confuse gregarious with garrulous, which means talkative.

Often we think that great leaders are those who are gregarious, always in the middle of a large group of people; yet, as Mahatma Gandhi and many others have shown us, leaders can often be introverted.

peruse (verb)
TALKATIVE WORDS
Peruse means to read very carefully. Unfortunately, the colloquial usage not only ignores this definition, but goes so far as to flip this definition on its head. In light conversation, peruse means to read over quickly. The GRE constitutes anything but light conversation, so make sure to remember that peruse means to read over carefully (perusing the first part of this paragraph helps!).

Instead of perusing important documents, people all too often rush to the bottom of the page and plaster their signature at the bottom.

disabuse (verb)
TALKATIVE WORDS
To disabuse is not the opposite of abuse (which would be a strange word to have an opposite for in the first place). To disabuse is to persuade somebody that his/her belief is not valid. Often, disabuse goes together with the word notion:

As a child, I was quickly disabused of the notion that Santa Claus was a round benefactor of infinite largess—one night I saw my mother diligently wrapping presents and storing them under our Christmas tree.

mettlesome (adj.)
TALKATIVE WORDS
When you poke your nose in somebody else's business, you are being meddlesome. If you are mettlesome, on the other hand, you are filled with mettle (no, not the hard stuff). Mettle means courage or valor. A soldier on the battlefield is mettlesome when he runs into enemy fire to save a comrade.

For its raid on the Bin Laden's compound in Abbottabad, Seal Team Six has become, for many Americans, the embodiment of mettle.

(adj.)

_____ means friendly. It is very similar to amicable, another common GRE word. Amicable, however, does not refer to a person the way that _____ does, but rather refers to relationships between people. You’ll notice that amicable is, therefore, the opposite of acrimonious (see below).

Amy’s name was very apt: she was so _____ that she was twice voted class president.

Likeable, easy to talk to: _____ is similar to amiable. The differences are subtle, and as far as the GRE is concerned, you can treat them as the same word. Like amiable, this word is great to use to describe people we know. After all, everyone knows an _____ person.

For all his surface _____, Marco was remarkably glum when he wasn’t around other people.

a-words
(adj.)

_____ means easily persuaded. If someone is cooperative and goes along with the program, so to speak, that person is _____.

_____ can also be used in the medical sense: if a disease is _____ to treatment, that disease can be treated.

Even though she did not like bad weather, Shirley was generally _____ and decided to accompany her brother to the picnic.

_____ means to weaken (in terms of intensity), to taper off—become thinner. _____ can refer to both abstract and tangible things.

Her animosity towards Bob _____ over the years, and she even went so far as to invite him to her party.

The stick is _____ at one end to allow the villagers to forage for ants.

a-words
(noun)

Meaning Intense hostility, animosity should be reserved for extreme cases. That is, if you really loathe someone, and that person feels the same way, then you can say _____ exists between the two of you.

A related word, and a synonym, is animus (though animus can also mean motivation, as in impetus).

The governor’s _____ toward his rival was only inflamed when the latter spread false lies regarding the governor’s first term.

_____ means not normal, out of the ordinary, and is simply the adjective—and scarier looking—form of anomaly, which is a noun. _____ can be used in cases to describe something that is not typical, like an unusually cold California spring.

According to those who do not believe in climate change, the extreme weather over the last five years is simply _____—average temps should return to average, they believe.

(noun)

_____ means bitterness and ill will. Don’t forget the adjective form, _____, which describes relationships filled with bitterness and ill will.

The _____ dispute between the president and vice-president sent an unequivocal signal to voters: the health of the current administration was imperiled.

a-words

(adj.)

_____ means open to more than one interpretation. Let’s say I have two friends, Bob and Paul. If I tell you that he is coming to my house today, then that is _____ Who do I mean? Paul or Bob?

The coach told his team, “Move towards that side of the field”, because he did not point, his directions were _____, and the team had no idea to which side he was referring.

a-words

(noun)

A deviation from what is normal or expected: this word is tinged with a negative connotation. For instance, in psychology there is a subset of behavior known as _____ behavior. So, basically, if you’re narcissistic, psychotic, or just plain old cuckoo, you are demonstrating _____ behavior.

_____ in climate have become the norm: rarely a week goes by without some meteorological phenomenon makes headlines.

a-words

(adj.)

_____ means shapeless. Morph- comes from the Latin for shape. The root a-, as in atypical, means not or without. Therefore, if something is _____, it lacks shape.

His study plan for the GRE was at best _____; he would do questions from random pages in any one of seven test prep books.
A-WORDS
ONE-SIDED FLASHCARDS
**amiable (adj.)**

A-WORDS

Amiable means friendly. It is very similar to amicable, another common GRE word. Amicable, however, does not refer to a person the way that amiable does, but rather refers to relationships between people. You’ll notice that amicable is, therefore, the opposite of acrimonious (see below).

Amy’s name was very apt: she was so amiable that she was twice voted class president.

**affable (adj.)**

A-WORDS

Likeable, easy to talk to: affable is similar to amiable. The differences are subtle, and as far as the GRE is concerned, you can treat them as the same word. Like amiable, this word is great to use to describe people we know. After all, everyone knows an affable person.

For all his surface affability, Marco was remarkably glum when he wasn’t around other people.

**amenable (adj.)**

A-WORDS

Amenable means easily persuaded. If someone is cooperative and goes along with the program, so to speak, that person is amenable. Amenable can also be used in the medical sense: if a disease is amenable to treatment, that disease can be treated.

Even though she did not like bad weather, Shirley was generally amenable and decided to accompany her brother to the picnic.

**attenuate (verb)**

A-WORDS

Attenuate means to weaken (in terms of intensity), to taper off—become thinner. Attenuate can refer to both abstract and tangible things.

Her animosity towards Bob attenuated over the years, and she even went so far as to invite him to her party.

The stick is attenuated at one end to allow the villagers to forage for ants.

**animosity (noun)**

A-WORDS

Meaning intense hostility, animosity should be reserved for extreme cases. That is, if you really loathe someone, and that person feels the same way, then you can say animosity exists between the two of you.

A related word, and a synonym, is animus (though animus can also mean motivation, as in impetus).

The governor’s animosity toward his rival was only inflamed when the latter spread false lies regarding the governor’s first term.

**anomalous (adj.)**

A-WORDS

Anomalous means not normal, out of the ordinary, and is simply the adjective—and scarier looking—form of anomaly, which is a noun. Anomalous can be used in cases to describe something that is not typical, like an unusually cold California spring.

According to those who do not believe in climate change, the extreme weather over the last five years is simply anomalous—average temps should return to average, they believe.
**acrimony (noun)**

A-WORDS

*Acrimony* means bitterness and ill will. Don’t forget the adjective form, acrimonious, which describes relationships filled with bitterness and ill will.

The acrimonious dispute between the president and vice-president sent an unequivocal signal to voters: the health of the current administration was imperiled.

**aberration (noun)**

A-WORDS

A deviation from what is normal or expected: this word is tinged with a negative connotation. For instance, in psychology there is a subset of behavior known as *aberrant* behavior. So, basically, if you’re narcissistic, psychotic, or just plain old cuckoo, you are demonstrating aberrant behavior.

Aberrations in climate have become the norm; rarely a week goes by without some meteorological phenomenon makes headlines.

**ambiguous (adj.)**

A-WORDS

*Ambiguous* means open to more than one interpretation. Let’s say I have two friends, Bob and Paul. If I tell you that he is coming to my house today, then that is ambiguous. Who do I mean? Paul or Bob?

The coach told his team, “Move towards that side of the field”; because he did not point, his directions were ambiguous, and the team had no idea to which side he was referring.

**amorphous (adj.)**

A-WORDS

*Amorphous* means shapeless. *Morph-* comes from the Latin for shape. The root *a-*, as in atypical, means not or without. Therefore, if something is amorphous, it lacks shape.

His study plan for the GRE was at best amorphous; he would do questions from random pages in any one of seven test prep books.

C-WORDS
ONE-SIDED FLASHCARDS
conciliate (verb)

C-WORDS

To conciliate is to make peace with.

His opponents believed his gesture to be conciliatory, yet as soon as they put down their weapons, he unsheathed a hidden sword.

corroborate (verb)

C-WORDS

To corroborate something is to confirm or lend support to (usually an idea or claim).

Her claim that frog populations were falling precipitously in Central America was corroborated by locals who reported that many species of frogs had seemingly vanished overnight.

calumny (noun)

C-WORDS

Calumny is the making of a false statement meant to injure a person’s reputation.

With the presidential primaries well under way, the air is thick with calumny, and the mud already waist-high.

commensurate (adj.)

C-WORDS

To be commensurate to is to be in proportion or corresponding in degree or amount.

The definition of this word tends to be a little unwieldy, regardless of the source. Therefore, it is a word that screams to be understood in context (for this very reason, the GRE loves commensurate, because they know that those who just devour flashcards will not understand how the word works in a sentence). Speaking of a sentence…

The convicted felon’s life sentence was commensurate to the heinousness of his crime.

churlish (adj.)

C-WORDS

Someone who is churlish lacks manners or refinement. A churlish person lacks tact and civility is often outright rude.

The manager was unnecessarily churlish to his subordinates, rarely designing to say hello, but always quick with a sarcastic jibe if someone happened to be wearing anything even slightly unbecoming.

castigate (verb)

C-WORDS

To castigate someone is to reprimand harshly.

This word is very similar to chastise. They even have the same etymology (word history).

Drill sergeants are known to castigate new recruits so mercilessly that the latter often break down during their first week in training.
chastise (verb)

C-WORDS

Very similar to castigate, it also means to reprimand harshly.

Though chastised for his wanton abuse of the pantry, Lawrence shrugged off his mother’s harsh words, and continued to plow through jars of cookies and boxes of donuts.

cogent (adj.)

C-WORDS

Something that’s cogent is clear and persuasive.

His essay writing, while full of clever turns of phrases, lacks cogency: the examples he uses to support his points are at times irrelevant and, in one instance, downright ludicrous.

contentious (adj.)

C-WORDS

Contentious has two meanings: controversial (in terms of an issue); inclined to arguing (in terms of a person).

This word does not mean content. It comes from contend, which means to argue. Be chary (see below) of this word.

As soon as the discussion turns to politics, Uncle Hank becomes highly contentious, vehemently disagreeing with those who endorse the same positions.

chary (adj.)

C-WORDS

Chary rhymes with wary, and it also means to be cautious. They are also synonyms.

Jack was wary of GRE words that looked similar, because they usually had different definitions; not so with chary, a word that he began to use interchangeably with wary.
F-WORDS
DOUBLE-SIDED FLASHCARDS
f-words
(adj.)

If someone is ______, he/she is irritable and is likely to cause disruption.

We rarely invite my ______ Uncle over for dinner; he always complains about the food, and usually launches into a tirade on some touchy subject.

f-words
(adj.)

Factions result when a large group splinters into smaller ones. Anything that causes factions is ______, ______ is typically not used to describe people.

The controversial bill proved ______, as dissension even within parties resulted.

f-words
(adj.)

A tricky word, to say the least. When I preface a word by saying it’s tricky, you can bet that the word’s definition is not what you would expect. ______ is no exception, in that it does not relate to fact. Indeed, ______ is almost the opposite of fact. ______ means artificial, not natural. A laugh can be ______. A gesture. Your alacrity on the first day of a new job.

______ can also be used literally to refer to something artificial. The houseplant that never needs watering, for instance, a good synonym for ______—and a word people use frequently—is phony.

The defendant’s story was largely ______ and did not accord with eyewitness testimonies.
F-WORDS
ONE-SIDED FLASHCARDS
fractious (adj.)

F-WORDS

If someone is fractious, he/she is irritable and is likely to cause disruption.

We rarely invite my fractious Uncle over for dinner; he always complains about the food, and usually launches into a tirade on some touchy subject.

factious (adj.)

F-WORDS

Factions result when a large group splinters into smaller ones. Anything that causes factions is factious. Factious is typically not used to describe people.

The controversial bill proved factious, as dissension even within parties resulted.

factitious (adj.)

F-WORDS

A tricky word, to say the least. When I preface a word by saying it’s tricky, you can bet that the word’s definition is not what you would expect. Factitious is no exception, in that it does not relate to fact. Indeed, factitious is almost the opposite of fact. Factitious means artificial, not natural. A laugh can be factitious. A gesture. Your alacrity on the first day of a new job.

Factitious can also be used literally to refer to something artificial. The houseplant that never needs watering, for instance. A good synonym for factitious—and a word people use frequently—is phony.

The defendant’s story was largely factitious and did not accord with eyewitness testimonies.

ONE-SIDED FLASHCARDS
excoriate (verb)

To yell at someone is one thing; to excoriate them is a whole other. A martinet of a boss whom you've once again upset; a drill sergeant berating a feckless, sniping recruit; new we are closer.

So to criticize really, really harshly is to excoriate. Interestingly, the second definition of the word is to tear one's skin from his/her body. To verbally excoriate, figuratively speaking, is to rip off a person's skin.

Entrusted with the prototype to his company's latest smartphone, Larry, during a late night karaoke bout, let the prototype slip into the hands of a rival company—the next day Larry was excoriated, and then fired.

excoriate (noun)

X-WORDS

To yell at someone is one thing; to excoriate them is a whole other. A martinet of a boss whom you've once again upset; a drill sergeant berating a feckless, sniping recruit; new we are closer.

So to criticize really, really harshly is to excoriate. Interestingly, the second definition of the word is to tear one's skin from his/her body. To verbally excoriate, figuratively speaking, is to rip off a person's skin.

Entrusted with the prototype to his company's latest smartphone, Larry, during a late night karaoke bout, let the prototype slip into the hands of a rival company—the next day Larry was excoriated, and then fired.

extenuating (adj)

X-WORDS

Extenuating means making less guilty or more forgivable. The phrase "extenuating circumstances" is common courtroom lingo. Say somebody broke into a drugstore to steal some expensive medication. Later we learn that medication was for that person's wife, who was dying of some disease that only the medication could cure. Most of us, presumably, would be more likely to forgive the man. Why? Because of the extenuating factor of his wife's disease.

The jury was hardly moved by the man's plea that his loneliness was an extenuating factor in his crime of dognapping a prized pooch.

exempt (verb)

This word just sounds awful. The good news is the meaning of exempt is consistent with the way it sounds. To exempt somebody is to free and hiss at them. For instance a certain American basketball player left his team of many years so he could make more money with another team. Fans of the original team exalted the player for his perfidy and, what they claim, were his mercenary motives.

Interestingly, the adjective form of exempt is the relatively common GRE word executable. If something is executable, it is so awful that it is worthy of our hissing.

Though the new sitcom did decently in the ratings, Nelson railed against the show, saying that it was nothing more than executable pastiche of tired clichés and canned laughter.

exempt (noun)

X-WORDS

This word refers to a critical interpretation of a scholarly work. If you think that definition is intimidating, the adjective form is exegetical.

The Bible is fertile ground for exegesis—over the past five centuries there have been as many interpretations as there are pages in a Gideon.

exhort (verb)

X-WORDS

To exhort means to strongly urge on, encourage. The encouragement is for a positive action. So a mentor figure will exhort you to make the most of your life, whereas the miscreant will cajole you into doing something you'll regret.

Nelson's parents exhorted him to study medicine, urging him to choose a respectable profession, intransigent, Nelson left home to become a graffiti artist.

exhort (noun)

X-WORDS

To exhort means to strongly urge on, encourage. The encouragement is for a positive action. So a mentor figure will exhort you to make the most of your life, whereas the miscreant will cajole you into doing something you'll regret.

Nelson's parents exhorted him to study medicine, urging him to choose a respectable profession, intransigent, Nelson left home to become a graffiti artist.

insufferable

immaterial

unconscionable

unnerve

inflammable
misleading roots
(adj.)

Think of somebody, or something, that you simply can’t tolerate. That thing is _____ . A person bleating into their cell phones on a crowded bus is _____. So is a person who only talks about him or herself, and usually in the most flattering vein possible. Depending on the person, certain television shows or genres can be _____. This word is derived from the second definition of suffer, which means to put up with, or tolerate.

Chester always tried to find some area in which he excelled above others: unsurprisingly, his co-workers found him _____ and chose to exclude him from daily luncheons out.

misleading roots
(adj.)

_____ can actually be the opposite of pertinent, but this definition is seldom used. Most of the time, _____ means not showing the proper respect. You can think of it this way — if somebody’s behavior is not pertinent to the given social context, e.g., an occasion calling for formality, then you can think of that person as being _____. The definition usually only applies if a person is being rude where respect is expected, and not staid where frivolity is apt.

Dexter, distraught over losing his pet doxshund, Madeline, found the police officer’s questions _____ —after all, he thought, did she have to pry into such details as to what Madeline’s favorite snack was?

misleading roots
(adj.)

If you are thinking of being knocked over the head and lying in a pool of blood on the sidewalk, you have the wrong word (not to mention a vivid imagination). In this case, the correct word is _____. If an act is so horrible and deplorable that it makes everyone around aghast, then that action is _____ . _____ can also mean something that is in excess of what is deemed tolerable. This second definition doesn’t have the unethical smear of the first definition.

The lawyer’s demands were _____ , and rather than pay an exorbitant sum or submit himself to any other inconveniences, the man decided to find a new lawyer.

misleading roots
(adj.)

While _____ can describe a ghost, phantom, or run-of-the-mill ectoplasm, _____ primarily means not relevant.

The judge found the defendant’s comments _____ to the trial, and summarily dismissed him from the witness stand.

misleading roots
(adj.)

Depending on the circumstances, this can be a very important word. That is, if you read that something is _____ , that means it can easily light on fire. The opposite would be nonflammable. Strangely enough, _____ is the same as flammable in the sense that it describes anything that can light on fire. _____ — but not flammable — can mean extremely controversial, incendiary.

It only takes one person to leave an _____ comment on an Internet thread for that thread to blow up into pages upon pages of reader indignation.

misleading roots
(verb)

This word does not mean to make less nervous, but its opposite. If you _____ a person, you disconcert him or her to the point he or she is likely to fail.

At one time _____ by math problems, she began anxiously “Magoosh-ing”, and soon became adept at even combinations and permutations questions.
MISLEADING ROOTS
ONE-SIDED FLASHCARDS
insufferable (adj.)

MISLEADING ROOTS

Think of somebody, or something, that you simply can’t tolerate. That thing is insufferable. A person bleating into their cell phones on a crowded bus is insufferable. So is a person who only talks about him or herself, and usually in the most flattering vein possible. Depending on the person, certain television shows or genres can be insufferable. This word is derived from the second definition of suffer, which means to put up with, or tolerate.

Chester always tried to find some area in which he excelled above others: unsurprisingly, his co-workers found him insufferable and chose to exclude him from daily luncheons out.

unconscionable (adj.)

MISLEADING ROOTS

If you are thinking of being knocked over the head and lying in a pool of blood on the sidewalk, you have the wrong word (not to mention a vivid imagination). In this case, the correct word is unconscious. If an act is so horrible and deplorable that it makes everyone around aghast, then that action is unconscionable. Unconscionable can also mean something that is in excess of what is deemed tolerable. This second definition doesn’t have the unethical smear of the first definition.

The lawyer’s demands were unconscionable, and rather than pay an exorbitant sum or submit himself to any other inconveniences, the man decided to find a new lawyer.

immaterial (adj.)

MISLEADING ROOTS

While immaterial can describe a ghost, phantom, or run-of-the-mill ectoplasm, immaterial primarily means not relevant.

The judge found the defendant’s comments immaterial to the trial, and summarily dismissed him from the witness stand.

inflammable (adj.)

MISLEADING ROOTS

Depending on the circumstances, this can be a very important word. That is, if you read that something is inflammable, that means it can easily light on fire. The opposite would be nonflammable. Strangely enough, inflammable is the same as flammable in the sense that it describes anything that can light on fire. Inflammable—but not flammable—can mean extremely controversial, incendiary.

It only takes one person to leave an inflammable comment on an Internet thread for that thread to blow up into pages upon pages of reader indignation.

unnerve (verb)

MISLEADING ROOTS

This word does not mean to make less nervous, but its opposite. If you unnerve a person, you disconcert him or her to the point he or she is likely to fail.

At one time unnerved by math problems, she began avidly “Magooosh-ing”, and soon became adept at even combinations and permutations questions.

difficult gre favorite

(verb)

This is ETS's number one favorite word for harder questions. Period. If ETS needs to make a Text Completion or Sentence Equivalence questions difficult, all it needs to do is throw in ______.

The key to answering a text completion question that uses ______ is to know how the word functions in context. Let's take a look below:

Her surface calm ______ her ruling emotions.

The effortless fluidity with which the pianist's fingers moved ______ the countless hours he had practiced.

Her upbeat attitude during the group project ______ her inherent pessimism towards any collective endeavor.

In each case, note how the outward appearance does not match up with the reality. That contradiction is the essence of ______.

difficult gre favorite

(adj.)

______ does not mean equal. It means vague, undecided.

______, especially in its more common form ______, has a negative connotation. If a politician is ______, he/she is not answering a question directly, but is beating around the bush.

In the academic GRE sense, if a phenomenon is open to multiple interpretations it is ______.

Whether we can glean an artist's unconscious urges through his or her art remains ______ - that we can ever even really tap into another person's hidden motives remains in doubt.

difficult gre favorite

(adj.)

This word looks like it would relate to a sentence. If you know the GRE, you will know this is probably not the case, as the GRE is likely to subvert people's gut reactions. ______ means to be mortifying; usually in a pompous sense.

The old man, casting his nose up in the air at the group of adolescents, intoned ______. "Youth is wasted on the young."

difficult gre favorite

(verb)

Much as the addition of belie is a difficult vocabulary word that tends to make a question harder, the addition of ______ into a text completion can make it a difficult question. Why? Everybody assumes that ______ means not interested. While this is acceptable colloquially, the GRE, as you've probably come to learn by now, is anything but colloquial. The definition of ______ is unbiased, neutral.

The potential juror knew the defendant, and therefore could not serve on the jury, which must consist only of ______ members.

difficult gre favorite

(verb)

______ is common in all sections of the GRE, not just difficult sections. It can pop up in reading comprehension answer choices just as commonly as text completion questions.

______ means to weaken and is usually paired with an abstract term, such as authority. It can also have the connotation of slowly or insidiously eroding (insidious mean subtly harmful).

The student ______ the teacher's authority by questioning the teacher's judgment on numerous occasions.

difficult gre favorite

(verb)

Want to make an angry person less angry? Well, then you attempt to placate or appease. Or, if you like really big GRE words, you ______ them.

The two sons, plying their angry father with cheesy neckties for Christmas, were hardly able to ______ him - the father already had a drawer full of ones he had never worn before or ever planned to.
tendentious  feckless

betray  limpid
(adj.)

---, probably for its phonetic similarity to another word, has been dropped from the language. That or the lexicographers have become ---, which means that they lacked the drive or initiative to include --- in the dictionary. --- means lazy and irresponsible. So, don’t get --- and drop the -less, lest somebody totally misinterprets you. In which case, you’ll have to do a fair amount of propagating.

By the way, I’m ---—I won’t include an example sentence (oops, I just walked into a contradiction).

difficult gre favorite

(adj.)

This word does not relate to limp, it relates to clarity in terms of expression. --- is typically used to describe writing or music.

Her --- prose made even the most recondite subjects accessible to all.

difficult gre favorite

(verb)

To --- means to go against one’s country or friends. Right? Well, yes, but not always. Especially on the GRE. To --- means to reveal or make known something, usually unintentionally.

Let’s try a Text Completion question:

As we age, our political leanings tend to become less ---; the once dyed-in-wool conservative can --- liberal leanings, and the staunch progressive may suddenly embrace conservative policies.

(A) pronounced  
(B) obscured  
(C) contrived  
(D) earnest  
(E) diplomatic

In this case --- means reveal. As we age our political biases become less obvious/extreme (my own words). Which word is the closest? (A) pronounced.
DIFFICULT GRE FAVORITE ONE-SIDED FLASHCARDS
**belie (verb)**

**DIFFICULT GRE FAVORITE**

This is ETS's number one favorite word for harder questions. Period. If ETS needs to make a Text Completion or Sentence Equivalence questions difficult, all it needs to do is throw in belie.

The key to answering a text completion question that uses belie is to know how the word functions in context. Let's take a look below:

Her surface calm belied her roiling emotions.

The effortless fluidity with which the pianist's fingers moved belied the countless hours he had practiced.

Her upbeat attitude during the group project belied her inherent pessimism towards any collective endeavor.

In each case, note how the outward appearance does not match up with the reality. That contradiction is the essence of belie.

---

**disinterested (adj.)**

**DIFFICULT GRE FAVORITE**

Much as the addition of belie is a difficult vocabulary word that tends to make a question harder, the addition of disinterested into a text completion can make it a difficult question. Why? Everybody assumes that disinterested means not interested. While this is acceptable colloquially, the GRE, as you've probably come to learn by now, is anything but colloquial. The definition of disinterested is unbiased, neutral.

The potential juror knew the defendant, and therefore could not serve on the jury, which must consist only of disinterested members.

---

**equivocal (adj.)**

**DIFFICULT GRE FAVORITE**

**Equivocal** does not mean equal. It means vague, undecided.

Equivocal, especially in its more common form equivocate, has a negative connotation. If a politician is equivocating, he/she is not answering a question directly, but is beating around the bush.

In the academic GRE sense, if a phenomenon is open to multiple interpretations it is equivocal.

Whether we can glean an artist's unconscious urges through his or her art remains equivocal — that we can ever really tap into another person's hidden motives remains in doubt.

---

**undermine (verb)**

**DIFFICULT GRE FAVORITE**

Undermine is common in all sections of the GRE, not just difficult sections. It can pop up in reading comprehension answer choices just as commonly as text completion questions.

Undermine means to weaken and is usually paired with an abstract term, such as authority. It can also have the connotation of slowly or insidiously eroding (insidious mean subtly harmful).

The student undermined the teacher's authority by questioning the teacher's judgment on numerous occasions.

---

**sententious (adj.)**

**DIFFICULT GRE FAVORITE**

This word looks like it would relate to a sentence. If you know the GRE, you will know this is probably not the case, as the GRE is likely to subvert people's gut reactions. **Sententious** means to be moralizing, usually in a pompous sense.

The old man, casting his nose up in the air at the group of adolescents, intoned sententiously, "Youth is wasted on the young."

---

**propitiate (verb)**

**DIFFICULT GRE FAVORITE**

Want to make an angry person less angry? Well, then you attempt to placate or appease. Or, if you like really big GRE words, you propitiate them.

The two sons, plying their angry father with cheesy neckties for Christmas, were hardly able to propitiate him—the father already had a drawer full of ones he had never worn before or ever planned to.
feckless (adj.)
DIFFICULT GRE FAVORITE

Feck, probably for its phonetic similarity to another word, has been dropped from the language. That or the lexicographers have become feckless, which means that they lacked the drive or initiative to include feck in the dictionary. Feckless means lazy and irresponsible. So, don’t get feckless and drop the -less, lest somebody totally misinterprets you. In which case, you’ll have to do a fair amount of propitiating.

By the way, I’m feckless—I won’t include an example sentence (oops, I just walked into a contradiction).

tendentious (adj.)
DIFFICULT GRE FAVORITE

If you are likely to espouse a controversial view, you are being tendentious. A good synonym for tendentious is biased, though if you are biased you aren’t necessarily leaning towards a view that is controversial.

Because political muddling has become a staple of the 24-hour media cycle, most of us, despite proclamations to the contrary, are tendentious on many of today’s pressing issues.

limpid (adj.)
DIFFICULT GRE FAVORITE

This word does not relate to limp, it relates to clarity in terms of expression. Limpid is typically used to describe writing or music.

Her limpid prose made even the most recalcitrant subjects accessible to all.

betray (verb)
DIFFICULT GRE FAVORITE

To betray means to go against one’s country or friends. Right? Well, yes, but not always. Especially on the GRE. To betray means to reveal or make known something, usually unintentionally.

Let’s try a Text Completion question:

As we age, our political leanings tend to become less ______; the once dyed-in-wool conservative can betray liberal leanings, and a staunch progressive may suddenly embrace conservative policies.

(A) pronounced
(B) obscured
(C) contrived
(D) unmasked
(E) diplomatic

In this case betray means reveal. As we age our political biases become less obvious/extreme (my own words). Which word is the closest? (A) pronounced.
RE-DOESN’T MEAN AGAIN
DOUBLE-SIDED FLASHCARDS
restive

remiss

remonstrate

repine
re- is not again
(adj.)

______ does not mean to miss again. It means to be negligent in one's duty. For some reason, students of mine have always had difficulty remembering this word. Sometimes I chide them, "Don't be ______ as vocabulary scholars by forgetting the word ______." While arguably clever, this admonishment isn't usually as efficacious as I'd hope it would be. (So don't be ______!)

______ in his duty to keep the school functioning efficiently; the principle was relieved of his position after only three months.

---

re- is not again
(adj.)

______ sounds like rest. It's actually the opposite, and means restless. Though most of the 're-' words are common, ______ is definitely the re-word you are most likely to see on test day. It can be used to describe both people and groups of people.

The crowd grew ______ as the comedian's opening jokes fell flat.

---

re- is not again
(verb)

The verb pine means to yearn for. Like remiss, however, the addition of the prefix re- does not signify again. To ______ means to complain or fret over something. Note: the verb pine can also mean to waste away.

Even if born into poverty and war, to ______ at your misfortune in life helps nothing.

---

re- is not again
(verb)

You've probably guessed already that this does not mean to demonstrate again. To ______ means to make objections while pleading.

The mothers of the kidnapped victims ______ to the rogue government to release their children, claiming that the detention violated human rights.
RE-DOESN’T MEAN AGAIN
ONE-SIDED FLASHCARDS
**remit (adj.)**

RE- IS NOT AGAIN

**Remit** means to miss again. It means to be negligent in one’s duty. For some reason, students of mine have always found difficulty remembering this word. Sometimes I chide them, “Don’t be remiss as vocabulary scholars by forgetting the word remiss.” While arguably clever, this admonishment isn’t usually as efficacious as I’d hope it would be. (So don’t be remiss!)

Remit in his duty to keep the school functioning efficiently, the principle was relieved of his position after only three months.

---

**restive (adj.)**

RE- IS NOT AGAIN

**Restive** sounds like rest. It's actually the opposite, and means restless. Though most of the 're-' words are common, restive is definitely the re- word you are most likely to see test day. It can be used to describe both people and groups of people.

The crowd grew restive as the comedian’s opening jokes fell flat.

---

**repine (verb)**

RE- IS NOT AGAIN

The verb pine means to yearn for. Like remiss, however, the addition of the prefix re- does not signify again. To repine means to complain or fret over something. Note: the verb pine can also mean to waste away.

Even if born in to poverty and war, to repine at your misfortune in life helps nothing.

---

**remonstrate (verb)**

RE- IS NOT AGAIN

You’ve probably guessed already that this does not mean to demonstrate again. To remonstrate means to make objections while pleading.

The mothers of the kidnapped victims remonstrated to the rogue government to release their children, claiming that the detention violated human rights.
